

NISSAN

J U K E

New Nissan Juke

Who needs ordinary?

The New Nissan Juke puts the fun back in urban driving, starting with its bold, uncompromising design. Inside, your whole family will be captivated by high-quality materials and attention to detail, and surrounded with advanced technologies. Start it up and press the accelerator, you'll be transformed by its smooth yet responsive attitude for a thrilling drive, every time.

Images and descriptions shown are for guidance purpose. In some instances photos are of non-local specification vehicles and do not represent a specific model, grade or offer. The features shown may not be available or may not be available as standard or only as option.

Powerful presence.
Attractive attitude.

The new iconic yellow is the perfect shade to show off New Juke's bold looks and strong personality. The new N-Sport grade is even better equipped to stand out from the crowd.

Hybrid grille

N-Sport with silver front lip finisher*

N-Sport with Black rear finisher*

New 19" Alloy Wheel*

**Feature available depending on version, as standard or only as option (at an extra charge). N-Sport includes some Nissan Genuine Accessories*

Feel the pleasure.

New Juke's interior is designed around the driver, from its new center console, larger glove box, bigger infotainment screen* and fully digital meters* to the ambient lighting* including new synthetic leather steering wheel* and Alcantara® upholstery*. Sit down, get comfortable and enjoy the ride of your life.

Softer steering wheel synthetic leather*

12.3" fully digital meter*

12.3" NissanConnect screen*

Alcantara® and yellow finisher*

Ambient lighting*

Frameless rear view mirror*

**Feature available depending on version, as standard or only as option (at an extra charge).*

Feel the quality.

The interior of Juke N-Sport is designed with attention to detail. Its premium black headliner*, black and yellow Alcantara® quilt and yellow stitching* highlight the craftsmanship and design of the monoform seats, which cocoon the driver for a uniquely immersive driving experience. Bose® Personal® Plus sound with Ultra Nearfield speakers built into the front headrests* and 10 strategically placed Bose® speakers create the ultimate listening experience*.

Black and Yellow Alcantara®, new quilt design and yellow stitching*

Monoform sport seat

Bose® Personal® Plus*

Adjustable armrest*

**Feature available depending on version, as standard or only as option (at an extra charge).*

Hybrid or Petrol. Your choice of thrills.

New Juke rethinks hybrid technology for a powerful experience. Combining the smooth acceleration of an electric motor with a powerful petrol engine. Or choose the DIG-T 114hp petrol engine, available with manual or DCT automatic gearbox.

114hp
Petrol

143hp
Hybrid

Nissan XYZ XX hp, gasoline/diesel: fuel consumption (l/100 km): low: X,X; medium: X,X; high: X,X; maximum:X,X; combined: X,X; CO₂ emissions combined (g/km): XXX. Nissan XYZ: fuel consumption combined (l/100 km):X,X-X,X; CO₂ emissions combined (g/km): XXX-XXX. Vehicle has been homologated in accordance with EU regulations using the more realistic WLTP test procedure.

**Comparison made between Nissan Juke N-Connecta 1.0 114hp DCT and Nissan Juke N-Connecta Hybrid 143hp Nissan XYZ XX hp, gasoline/diesel: fuel consumption (l/100 km): low: X,X; medium: X,X; high: X,X; maximum:X,X; combined: X,X; CO₂ emissions combined (g/km): XXX. Nissan XYZ: fuel consumption combined (l/100 km):X,X-X,X,X; CO₂ emissions combined (g/km): XXX-XXX. Vehicle has been homologated in accordance with EU regulations using the more realistic WLTP test procedure.*

Hybrid Powertrain.

Get ready for hybrid thrills. The powertrain automatically selects the most efficient power source between the electric motor, the petrol engine or a combination of the two, for optimal performance and efficiency. Juke Hybrid gives immediate reactivity and smoothness to throttle inputs, its cabin space is quiet even on busy streets.

e-Pedal Step
e-Pedal Step gives you the option to accelerate and decelerate effectively with just the accelerator pedal at speeds above 10km/h.

Smart multi modal gearbox
Nissan Juke comes with an advanced low friction multi-mode gearbox that provides optimal use of power, whether electric, petrol engine, or both.

Up to **19%*** fuel optimisation in combined drive

Petrol Engine.

Nissan Juke is also available with a lightweight, 1.0-liter internal combustion engine which combines fuel economy with plenty of power. The electronically controlled turbocharger and reduced friction design gives smooth and responsive power, while the ECO mode delivers greater efficiency. Available with manual or automatic transmission.

Always connected.

Stay connected^{[1][3]} with your car thanks to the NissanConnect Services app - unlock the doors, flash the lights, locate your car easily, and more. Smartphone connectivity will keep you seamlessly connected to the world around you with Android Auto™^[2] and Apple CarPlay®^[2], available both wired and wireless.

[1] To use NissanConnect Services you need a smartphone with compatible iOS or Android operating system and a SIM card with data option from a mobile service provider. All services are subject to mobile network coverage. Services are available depending on country, model, grade and service period. Some services will be subject to a fee for the subscription period detailed in the NissanConnect Services app. For more information please visit your NissanConnect Services app, Nissan website, Nissan dealer or call center (phone, number).

[2] Apple CarPlay® is trademark of Apple Inc., registered in the U.S. and other countries. Android Auto™ and the Android Auto logo are trademarks of Google LLC.

[3] Feature available depending on version, as standard or only as option (at an extra charge).

[4] Wireless charging performance of non-Qi certified devices may vary please consult your manufacturer for further information.

2 x rear USB

Wireless charger^{[3][4]}

Scan the code to download now the NissanConnect Services app and connect it to your New Nissan.

There when it counts.

Nissan Juke is equipped with advanced ProPILOT Assist^{[1][2]} safety technologies, designed to keep you and your passengers safe for maximum peace of mind.

INTELLIGENT CRUISE CONTROL
Keeps your distance by measuring the space from the vehicle ahead, controlling acceleration and deceleration to automatically maintain a suitable following distance within your set speed.

INTELLIGENT BLIND SPOT INTERVENTION
Alerts you if there's a vehicle in the blind spot area on either side of the car, and helps bring you back into line.

INTELLIGENT LANE INTERVENTION
Warns the driver when the vehicle has left the centre of the travelling lane and helps assist the driver to return to the center of the lane by applying the brakes to the left or right wheels individually (for a short period of time).

INTELLIGENT EMERGENCY BRAKING
With pedestrian and cyclist recognition. Monitors the surrounding area in front of the car for vehicle, pedestrians and cyclists, helping avoid or reduce damage caused by collisions.

A view from all sides.

Fear no parking spot. Intelligent Around View Monitor^[2] makes parking easier with 4 cameras providing a 360° bird's-eye view and helping you navigate those tight parking spaces.

[1] ProPILOT Assist is available on a limited range of vehicles. ProPILOT Assist is an Advanced Driver Assist technology but cannot prevent collisions. ProPILOT Assist is intended for "Eyes on/ Hands On" for highways only (road separated by Barriers). Driver should monitor all traffic signs and obey traffic laws. It is the driver's responsibility to stay alert, drive safely and remain in control of the vehicle at any time.

[2] Feature available depending on version, as standard or only as option (at an extra charge). You should not rely solely on driver convenience features. Some features may not work in all conditions and circumstances. Speed and other limitations apply. For terms and conditions relating to Nissan technologies, please contact your Nissan dealer or www.nissan.xx

Room for everyday life.

Juke is roomy and versatile to fit all the fun that awaits.
The easy-fold split rear seat increases the boot size so you
can carry larger cargo like huge balloons, bikes or luggage.

[2] Towing capacity will vary depending on vehicle specification.

Service Contracts

Give your Nissan Juke the care it deserves with a Nissan Service Contract and save money in the long run. Nissan Maintenance Contract covers all the scheduled operations recommended by Nissan and specified in the owner’s manual & warranty booklet. Maintenance Contract allows you to know from the start how much your maintenance will cost and protects you against price inflation. In addition to the scheduled operations, you can benefit from the replacement of wear and tear parts such as wiper blades or brake pads by subscribing to a Full Maintenance Contract. Select the duration that covers your needs and benefit from the use of Nissan Genuine Parts fitted by our trained technicians, at a discounted price. A well maintained vehicle has a greater resale value. If you sell your Nissan before your contract expires, the Service Contract will be transferred to the new owner. So do not wait any longer and subscribe to a Nissan Service Contract for extra peace of mind!

Extended Warranty

Nissan Extended Warranty gives you the opportunity to extend your warranty for a longer period or mileage. Select the contract that best suits your driving usage. In case of a repair, only Nissan genuine parts will be used and fitted by Nissan trained technicians.

FOR MORE INFORMATION CONTACT
YOUR NISSAN DEALER OR REPAIRER

SUSTAINABILITY

Nissan's strategy centers on sustainability, aiming for carbon neutrality by 2050 and achieving a 41.2% reduction in CO₂ emissions from new vehicles compared to 2000. The company plans to electrify all-new vehicle offerings in key markets by the early 2030s. We are committed to developing driver assistance technologies for safer journeys, with 2.27 million vehicles already equipped with ProPILOT Assist systems. Additionally, Nissan is focused on creating a diverse, equitable, and inclusive workplace.

90 YEARS

OF DARING TO DO WHAT
OTHERS DON'T.

We have built our heritage on a passion for innovation and electric mobility, from the creation of the first Datsun in 1933 to cutting-edge technologies such as e-POWER and e-4ORCE. We are also committed to achieving carbon neutrality by 2050, reducing road deaths to zero and promoting diversity, equity and inclusion.

DEFY ORDINARY

Why stick to the beaten path when you can forge your own? It's something we've always done and unites us with those who dare to be different. Those who refuse to settle for the status quo. It means we're continually creating radical new experiences, challenging conventional ways of thinking and shaking up worldviews. We're firm believers that real thrill happens when you take the plunge.

That's why we welcome boldness and fearlessly embrace the unexpected.

That's why we defy ordinary.

A close-up photograph of a hand with several tattoos, including a bird on the back and a beaded bracelet, pointing at the 'JUKE' badge on the side of a bright yellow car. The background shows parts of people wearing patterned and striped clothing.
