

X-TRAIL

Nissan X-Trail with e-POWER. Fit in more family adventure

Introducing Nissan's latest family adventure crossover, powered by either unique e-POWER technology for a quiet, electrified drive with no need to plug, or Mild Hybrid engine, for invigorating performance and low emissions.

For superior control and a unique electrified experience, choose e-4ORCE technology, the all-wheel drive version associated to e-POWER.

Nissan X-Trail is a spacious crossover with up to seven seats*, and everything you need to keep your family safe and comfortable with advanced Nissan's safety technologies.

With cutting-edge connectivity* to keep everyone entertained, Nissan X-Trail shows that family-friendly trailblazing is possible.

*Feature available depending on version, as standard or only as option (at an extra charge).

Never compromise on style, in Nissan X-Trail

Get noticed wherever you go with sleek LED headlights, distinctive and imposing front air vents and robust, yet crafted lines. Up front, the unmistakable V-motion grille bears the familiar signature of Nissan's exciting design DNA, to show that this electrified family crossover refuses to blend into the background.

Strong front fascia

20" Alloy Wheels*

Front Signature lamps

Rear Signature lamps

e-POWER badge*

e-4ORCE badge*

**Feature available depending on version, as standard or only as option (at an extra charge).*

Close the door on the chaos outside

With up to 35"* of interior displays to supplement your drive, you're guaranteed to experience Nissan technology at its best. Enjoy advanced Nissan Driver Assistance* and HD navigation* displayed right in your view as you settle into your comfortable, ergonomically designed seat. Wondering where to place your belongings? Don't miss the storage space beneath the floating central console. Inside the X-Trail's cabin, it's all about quality details – the relaxing atmosphere of ambient lighting*, the soft feel of premium materials and the seamless convenience of wireless charging* for your smartphone.

12.3" Fully digital meter*
10.8" Windscreen Head-up display*

12.3" high definition NissanConnect display*

Smart Rear View Mirror*

Wireless charger**

Ambient lighting*

Driving Aids*

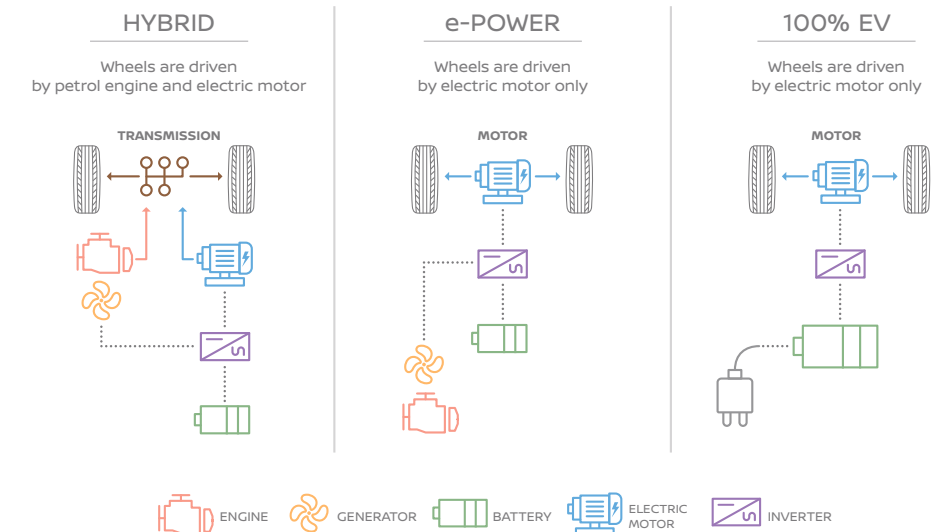

*Features available depending on version, as standard or only as option (at an extra charge).

**Designed to the Qi charging standard & optimised for Qi certified devices. For non-Qi certified devices, wireless charging performance can be limited.

The unique electrified experience, now unplugged. This is Nissan e-POWER

With Nissan e-POWER, pioneering doesn't have to pause. e-POWER is a unique electrified technology composed of a fuel efficient petrol engine charging a battery. The battery then provides electricity to a motor driving the wheels. The result is a responsive and quiet driving sensation without the need to plug or recharge. Just exhilarating and stress-free driving with no compromise on fuel economy.

Digital combimeter with energy flow*

SIMPLIFY YOUR DRIVE, WITH E-PEDAL STEP
Experience a more intuitive way to drive. Unique to Nissan, e-Pedal Step gives you the option to accelerate and decelerate effectively with just the accelerator pedal at speeds above 6mph. Meanwhile leaving the brake pedal for harder braking and coming to a complete stop.

*Features available depending on version, as standard or only as option (at an extra charge).

Reinvent your all-wheel drive experience, electrified. With e-4ORCE

Playgrounds are not meant to have boundaries. Take on new terrains in confidence with Nissan's unique all-wheel drive technology, now available on X-Trail. e-4ORCE* delivers the perfect balance between powerful and unprecedented control, with a smooth ride for all family thanks to superior handling on any surface. Tailor your drive even further with 5 selectable Drive Modes, including Normal, Sport, Eco, Off-road and Snow Mode for unmatched levels of comfort.

4x4 Drive mode wheel switch*

*Feature available depending on version, as standard or only as option (at an extra charge).

Mild Hybrid: Excitement and efficiency, without compromise

Why choose between an invigorating drive and fuel efficiency? With X-Trail's new Mild Hybrid 1.5L Variable Compression 3 cylinder engine you can have both. Mild hybrid technology provides torque assist when accelerating, while the lithium-ion battery and starter generator optimise the engine shut-down situations to improve efficiency. The unique variable compression ratio alternating between 8:1 and 14:1 is a true engineering marvel dedicated to efficiency and driving excitement.

Wheels are driven
by electric motor only

Safety First is Second Nature

X-Trail is equipped with advanced ProPILOT Assist* with Navi-link safety technologies designed to read the road ahead and adjust your drive accordingly, keeping you and your family safe for maximum peace of mind.

ProPilot Park** makes journeys with the family even easier. It can automatically detect a parking space that fits and then manoeuvre you effortlessly in with fully automatic control of the steering, braking and accelerator. And thanks to Around View Monitor**, all-round reassurance comes from a 360° view of your car with selectable focus on front, rear and kerbside views.

X-Trail, with its suite of active and passive safety technologies, has achieved a 5 star EuroNCAP safety rating.

INTELLIGENT CRUISE CONTROL keeps your distance by measuring the space from the vehicle ahead, controlling acceleration and deceleration to automatically maintain a suitable following distance within your set speed.

INTELLIGENT FORWARD COLLISION WARNING keeps an eye on up to two vehicles in front of you. If the system detects a sudden deceleration ahead, you hear an audible and visual warning to slow down.

REAR AUTOMATIC BRAKING helps you back-up with confidence. If a stationary object is detected behind your vehicle, the system can automatically engage the brakes to help avoid a collision.

EMERGENCY LANE KEEPING A full suite of technologies to help you avoid unintentional lane departure. Keeps you centered in the lane either by steering wheel action or braking in an emergency situation.

INTELLIGENT EMERGENCY BRAKING spots objects and applies the brakes if there is a risk of a low-speed collision with a car, pedestrian or cyclist. Added Junction Support further boots safety by helping avoid collision at junctions.

*ProPILOT is available on a limited range of vehicles and only on Automatic Transmissions. ProPILOT is an Advanced Driver Assist technology but cannot prevent collisions. ProPILOT is intended for "Eyes on/ Hands On" for highways only (road separated by Barriers). Navi-link supports traffic sign recognition which may not detect and read all traffic signs in all conditions. Driver should monitor all traffic sign and obey traffic laws.

It is the driver's responsibility to stay alert, drive safely and remain in control of the vehicle at any time.

**Feature available depending on version, as standard or only as option (at an extra charge).

You should not rely solely on driver convenience features. Some features may not work in all conditions and circumstances. Speed and other limitations apply. For terms and conditions relating to Nissan technologies, please contact your Nissan dealer or www.nissan.xx

Seamlessly connected to your world

The 12.3" HD touchscreen⁽¹⁾ in Nissan X-Trail is your portal to NissanConnect: through intuitive navigation, advanced technology and more. Our smartphone App offers a growing range of services including sending journey plans to your new Nissan X-Trail. When inside your car, connect your phone to start using your preferred Apps thanks to Apple CarPlay^{®(2)} and Android Auto^{™(2)}. And wherever you are, it keeps you informed about the status of your car. You're all set for your adventures on the go.

GOOGLE ASSISTANT* AND ALEXA⁽⁵⁾⁽⁶⁾ COMPATIBILITY
Use NissanConnect car capabilities to control your vehicle or home by voice command using Alexa or Google Assistant*. Free service ⁽⁷⁾

(1) HD touchscreen is only available N-Connecta and above grades
(2) Apple CarPlay® and Android Auto™ are available free of charge, depending on model and/or grade.
(3) Connecting a mobile phone to use NissanConnect should only be done when the car is parked safely. Use of the system should always be in accordance with the rules of The Highway Code. Drivers should only use the system when it is safe to do so. Users should be aware of the potential for hands-free technology to distract attention from the road, which could impact on having full control of the vehicle.
(4) To use the NissanConnect services you need a NissanConnect user account and have to register and log in to NissanConnect with your username and password. To use the free NissanConnect App, you need a smartphone with a compatible iOS or Android operating system and a SIM card with data option with an existing or separate mobile phone contract between you and your mobile service provider. All services are subject to mobile network coverage. The use of NissanConnect on-board internet is made possible via an integrated wireless internet connection. Data packets are to be obtained via selected external mobile communication providers in accordance with their terms and conditions (depending on the availability in your country).
(5) Feature available depending on version, as standard or only as option (at an extra charge).
(6) Amazon, Alexa and all related marks are trademarks of Amazon.com, inc. or its affiliates. Alexa Built-In available in England, France, Germany, Spain, Italy.
(7) Nissan on Google Assistant and Alexa, Driving History & Analysis, Nissan Help & Assistance, Breakdown Assistance are available free of charge for a period of 7 years, depending on model and/or grade.
For more information, please visit www.XXXXX or contact your Nissan dealer or [phone number/e-mail address]. The feature responsiveness and use can be impacted when car is receiving a bad signal. For optimal use, please make sure your car is under good network coverage.

Scan the code to download now the NissanConnect Services app and connect it to your New Nissan.

- ### Safety and car health

In trouble? Breakdown Assistance calls roadside assistance services when you need them, while Vehicle Health Report informs you of the status of your car
- ### Navigation & driving

Get where you need to go with Door-to-Door Navigation by sending a navigation route straight from your smartphone to your navigation system. With Driving History & Analysis, check the distance you've driven, the number of trips you've made and more in the NissanConnect Services App
- ### Connectivity

Connect your Android or iOS device for seamless connectivity including voice control⁽³⁾. Access your favourite music, messaging and other Apps to stay informed and entertained as you drive.
- ### Convenience and comfort

Access remote services including Remote Door Lock/Unlock, Remote Horn/Lights and My Car Finder from the NissanConnect Services App⁽⁴⁾. And if you ever need help, Nissan Assistance is just a click away.

Family size matters for this electrified family SUV

Forget the usual hassle of loading child seats. With rear doors that open to 85° and versatile seating layouts for up to 7*, stress-free family adventures start the moment you leave. Whether in the front, 2nd or 3rd row seats, all passengers can feel relaxed with 3-Zone Air Conditioning* and ergonomic seats for comfort on the longest journeys.

7 seats

5 seats

4 seats

2 seats

**Feature available depending on version, as standard or only as option (at an extra charge).
**Maximum braked towing capacity achievable with partially loaded car. Tested load based on daily family commute; Gross Train Weight should never be exceeded.
The figures may not reflect real driving results. Optional equipment, maintenance, driving behaviour and non-technical factors like weather conditions may affect the official results. Figures were determined under the new Worldwide harmonized Light Vehicles Test Procedure (WLTP) test cycle*

Service Contracts

Give your Nissan X-Trail the care it deserves with a Nissan Service Contract and save money in the long run. Nissan Maintenance Contract covers all the scheduled operations recommended by Nissan and specified in the owner's manual & warranty booklet. Maintenance Contract allows you to know from the start how much your maintenance will cost and protects you against price inflation. In addition to the scheduled operations, you can benefit from the replacement of wear and tear parts such as wiper blades or brake pads by subscribing to a Full Maintenance Contract. Select the duration that covers your needs and benefit from the use of Nissan Genuine Parts fitted by our trained technicians, at a discounted price. A well maintained vehicle has a greater resale value. If you sell your Nissan before your contract expires, the Service Contract will be transferred to the new owner. So do not wait any longer and subscribe to a Nissan Service Contract for extra peace of mind

Extended Warranty

Nissan Extended Warranty gives you the opportunity to extend your warranty for a longer period or mileage. Select the contract that best suits your driving usage. In case of a repair, only Nissan genuine parts will be used and fitted by Nissan trained technicians.
