

# INTERSTAR ACCESSORIES

## Get more from your Interstar with Nissan Genuine Accessories

Take your Interstar further with accessories built to work as hard as you do. Every accessory in our range is designed specifically for your Interstar — tried, tested, and made to the same high standards you expect from Nissan. From boosting efficiency to improving driver comfort, our accessories are built to support the demands of your working day — helping you get the job done, every time.

## Transport Accessories

When your business is constantly on the move, you need equipment that keeps up. Our transport accessories are designed to be robust and reliable to help you carry more, securely.

### A – Towbar

Designed to integrate seamlessly, ensuring high performance and reliability, tow trailers and other specific equipment in confidence. With precise fitment and durability, our towbar offers peace of mind for all towing needs.

### B – Ladder

Crafted from galvanized steel, this ladder is designed to attach perfectly to the rear door for convenient access to your roof rack.

### C – Cross roof Bars

Cross roof bars are engineered to allow you to fix additional accessories such as signalling kits, ladders, or other professional equipment.

### D – Walkway

Tailor-made for your roof rack, the walkway provides the stability and security needed to move confidently while protecting your vehicle.

### E – Rack Aluminium

Tested in wind tunnels, the robust aluminium rack provides secure transportation of bulky loads. Resistant to corrosion and designed to minimize aerodynamic noise, with a rear roller for easier loading, it attaches to specific anchor points on your vehicle for optimal stability.

Built for the demands of the job, our exterior utility accessories help protect your Interstar from the wear and tear of daily use — whatever the weather or road conditions. Stay on schedule, keep your vehicle looking professional, and ensure every journey runs smoothly.

**A - Mudguards & Wheel Arc Protection**

Tackle tough roads with confidence. Mudguards help shield your vehicle from splashes of mud, stones and debris, reducing damage and keeping it cleaner for longer.

Also, give your vehicle a stronger look with Wheel Arch Protection. These guards shield your wheel arches from dirt and gravel, helping to maintain your vehicle's tough appearance and durability.

**B - Antenna**

Compact and practical, this low-profile antenna keeps your vehicle at optimal height for garages or loading bays — all while delivering reliable reception and a smarter, sportier finish.

# Interior Utility

Keep your Interstar clean, organised and business-ready with interior accessories designed to handle the demands of daily use. Whether you're transporting tools, paperwork or passengers, these practical upgrades help turn your vehicle into a well-equipped mobile workspace.

**A - Velour Floor mats**  
Built for a durable but premium feel, our Interstar-branded velour floor mats are precision-cut to fit perfectly. Designed to look great whilst withstanding daily wear and tear, these mats offer robust protection for your vehicle's interior against mud, dirt, sand, and other elements

**B - Ply lining**  
Protect your van from the inside out. Nissan's high-quality ply lining help shield the cargo area walls, doors and partitions from damage caused by shifting tools, goods or equipment. Built for durability and available in a range of configurations, they help maintain your vehicle's condition through everyday wear and tear. Plus, you can personalise your lining by adding in floors and boxes or switching to a polypropylene setup. GB ply lining material and colour may differ from image shown, ask your dealer for more information.

## Security

Keep your Interstar protected with safety-focused accessories built to give you peace of mind on every job. From enhanced vehicle security to essential roadside safety gear, these upgrades are designed to safeguard your vehicle, your tools, and your team — wherever work takes you.

### A - Reinforced Locks

Add an extra layer of protection to your rear doors with our range of ultra-tough external locks. Built to resist tampering and deter break-ins, we have a number of variations to suit your Interstar's rear and side door configuration, and your different security needs.

### B - Alarm

This advanced alarm system offering both perimeter and interior detection, comes as standard on all Interstar grades and variants. A smart deterrent that helps reduce the risk of theft — inside and out.

### C - Flashing Triangle

Ensure your vehicle is compliant and visible during roadside jobs. Designed for service, construction, and utility vehicles, this high-visibility 3D LED warning system includes a manual lift bar, dual LED beacons, and control switches — for reliable, road-legal signalling in all conditions.

### D - Fixing Bracket for Fire Extinguisher

Securely mount a fire extinguisher within easy reach using this vehicle-specific bracket. Designed to fit neatly under the handbrake, it keeps safety equipment accessible without getting in the way. (Fire extinguisher not included).

• Non Nissan Genuine Accessories' warranty coverage depends on the individual supplier. For further information please speak to your authorised Nissan dealer or repairer

# Chargers

Every fleet is different. We've partnered with E.ON and Pod Point to offer a range of Tethered and Untethered 7kW AC chargers and whether you need a single home charger or to upgrade the charging points at your business, speak to your dealer about your specific needs. Charge smarter and faster with Nissan.

**AC chargers**  
7kW AC chargers are available tethered or untethered and deliver up to 3x faster charging than a standard home socket.\* Alternatively, charge while you're onsite or on the road with up to a 22kW AC charger. There are thousands of public charging points across the country. In fact, there are now more charging points across the UK than there are petrol stations.

You can purchase an E.ON or Pod Point charger via your dealer and they will be able to discuss installation. The installation process is easy and begins with a simple online form or call with an expert to discuss your individual requirements.

**Mode 2 charging cable**  
Mode 2 cable allows you to charge your vehicle using standard power sockets or occasional charging using a domestic socket\*\*. It is perfectly possible to charge your Interstar with a standard 3-pin socket charger cable. It is however, the least efficient and most time-consuming way. A dedicated AC charger is the safest, quickest and most cost-efficient way to charge.

Choose from the E.ON Vestel (right) or Pod Point Solo 3 (above) Home Chargers

\* Indicative charging speed/time for an INTERSTAR 40kWh. Charging time data may vary depending on different external conditions.  
\*\* In the case of domestic charging, have a qualified professional check that each socket to which you will connect the charging cable complies with the standards.

## Nissan Services

Every time you service with Nissan, you'll receive the highest levels of service and aftercare that you can find.

The best way to ensure great prices is to purchase an inflation-proof Service Plan when you purchase your new Nissan Interstar.

Choose a Nissan Service Plan and benefit from:

- **Budget control**

You can spread the cost with fixed, manageable monthly instalments or with a single upfront payment.

- **Nissan serenity**

Your Nissan is guaranteed to be seen by Nissan trained technicians using only Nissan Genuine Parts, designed and certified to best fit your Nissan.

- **Nissan expertise**

Ensure you are constantly covered by Nissan's Customer Service Promise, where you'll benefit from continuous Nissan Roadside Assistance and more.

## Go beyond, with the right service

### Extended Warranty

A Nissan Extended Warranty offers the same cover as your original manufacturer warranty, saving upfront costs if any covered parts were to fail. When the time comes and your manufacturer warranty ends, all you will need to do is purchase an Extended Warranty and have your Interstar checked out by your Nissan dealer before the policy starts

### Roadside Assistance

All new Nissan vehicles come with free pan-European Roadside Assistance for the duration of the manufacturer warranty period. Nissan Roadside Assistance is there for you 24/7. From a flat tyre to lost keys or an accident, we help you get back on the road as fast as possible. Plus, every time you service with Nissan you'll get another year's roadside assistance free.

### Service Plans

A Nissan Service Plan is a scheduled maintenance plan covering all mandatory routine technical operations and vehicle checks. Our Service Plans range from 2 to 4 years, so you can ensure that your Interstar will get the best treatment for the whole time that you have it.

## Legal notices

Accessories available at participating dealers only and subject to availability. While all reasonable efforts have been made to ensure the accuracy of the information provided, due to Nissan's policy of continuous product improvement all particulars are subject to constant revision and Nissan reserves the right to change, modify or withdraw any offers or products without any notice at any time. Accordingly, you should contact your local Nissan dealer for the most current information.

All information correct at time of publication. Images and descriptions shown are for guidance purposes. In some instances photos are of non-UK specification vehicles and do not represent a specific model, grade or offer. Some vehicle or accessories features shown may not be available or may not be available as standard or only as option (at an extra charge). Due to the limitations of the printing processes used, the colours shown in this brochure may differ slightly from the actual colours of the paint and interior trim materials used. Accessories are fitted postproduction and may have an impact on real world fuel (actual) consumption, CO2 and range figures. Nissan Genuine Accessories are covered by the new vehicle warranty of 5 years/100,000 miles (whatever comes first), if fitted by a Nissan dealer or Nissan repairer before Vehicle Handover or during the new vehicle warranty period. Genuine Accessories fitted outside of the new vehicle warranty period or by a Third Party or by the Customer are only covered by the Nissan Genuine Parts and Accessories Warranty of 12 months / unlimited mileage. Non-Genuine Nissan Accessory products' warranty coverage depends on supplier, for further information please speak to your authorised Nissan dealer.
