Advertisements placed for WLTP tested petrol/diesel model from 1st January 2019. Tech figures shown are for components Jaguar only contain figures for vehicles tested to the same technical procedures. Actual real world driving results may vary depending on factors such as weather conditions, driving styles, vehicle load or any accessories fitted after registration. WLTP is a new test used for fuel consumption and CO2 figures however until April 2020 the CO2 figures are based on the outgoing (NEDC) test cycle which was used to calculate vehicle tax on first registration.
