THE NEXT GENERATION NISSAN JUKE catches the eye from every angle. Its dynamic design and sporty styling make a powerful statement wherever it goes. Advanced technology - including ProPILOT* driving assistance - will help keep you safe, connected and entertained for thrilling urban adventures. THERE’S A NEW KID IN TOWN.

*ProPILOT is an Advanced Driver Assist technology but cannot prevent collisions. ProPILOT is intended for “Eyes on/Hands On” for Highways only (road separated by Barriers). It is the driver’s responsibility to stay alert, drive safely and be able to take control of the vehicle at any time.
TECHNOLOGY TO SUPPORT YOU.

The New Nissan Juke gives you a better ride through life, with advanced Nissan Intelligent Mobility technology giving you more confidence and more connections to the world around you. ProPILOT technology moves with you, silently adapting to the way you drive. It can keep you centered in your lane, speed up, slow down and even bring you to a halt in traffic.

(1) Not all features are available on all grades. ProPILOT is standard from DCT Tekna and an option on DCT N-Connecta.

CATCH EVERY EYE

Every detail of the New Nissan Juke's exterior is made to be looked at. Inspired by the dynamic boldness of the original Juke and Nissan sporting heritage, its style was designed to turn heads, with 19" alloys* it has a strong presence, making a statement that you've arrived.

*Not all features are available on all grades. 19" alloys are standard from Tekna grade and are an option on N-Connecta grade.
The New Nissan Juke’s interior is designed around you – with high-quality finishes, ergonomic controls and ambient lighting designed to put you in the mood for driving.

The intuitive, layered cockpit design helps to keep you safe, in control and ready to enjoy the ride.

A SMARTER ROAD AHEAD.
The New Nissan Juke is packed with intelligent driving technologies designed to help you move through life with more confidence, more excitement and more connection with the world around you.

INTELLIGENT EMERGENCY BRAKING
WITH PEDESTRIAN RECOGNITION*
Brakes to reduce low-speed collisions with vehicles, pedestrians or cyclists.

BLIND SPOT INTERVENTION(1)
Alerts you if there’s a vehicle in the blind spot area on either side of the car and brings you back into line to avoid collisions.

TRAFFIC SIGN RECOGNITION*
Keeps you up to date with the latest speed limit by detecting road signs as you go.

INTELLIGENT LANE INTERVENTION*
Keeps you in the centre of your lane, and stops you if you start to drift across the white line.

HIGH BEAM ASSIST*
Automatically switches to low beam headlights when it detects a vehicle ahead and turns the high beam back on when needed.

6 STANDARD AIR BAGS
When a collision is unavoidable, Nissan’s Zone Body Construction helps absorb the impact, while the advanced seat belt and air bag systems help protect passengers.

*You should not rely solely on driver convenience features. Some features may not work in all conditions and circumstances. Speed and other limitations apply.

(1) Blind Spot intervention is available as standard from Tekna grade and is an option on N-Connecta.
Drive Modes*

Select 'ECO' for enhanced fuel efficiency, 'Standard' for the best balance between fuel efficiency and performance, or 'Sport' for maximum driving pleasure.

AT NISSAN, WE FOCUS ON QUALITY.

We build in quality from the outset, meticulously conceiving each car to make them more comfortable and more durable through innovative design, intelligent technology and thoughtful details inspired by you.

SAFETY*

We work with our intelligent driving systems to constantly look out for you and help you avoid any mishaps for a bolder, more confident driving experience day after day. Our Around View Monitor** uses 4 cameras to give you a virtual birds eye view of your car in its surroundings.

EXTREME RELIABILITY

We push our cars to the limit to guarantee their daily performance and reliability. We travel millions of kilometres in pre-production tests, open and close doors and bonnets thousands of times a day and use real volcanic dust from Japan to test window resistance.

*You should not rely solely on driver convenience features. Some features may not work in all conditions and circumstances. Speed and other limitations may apply.
