At Nissan, we're constantly innovating for your business - coming up with clever new ways to deliver class-leading space and enhanced efficiency, improved versatility and durability, increased cost savings and ease of use. We engineer excitement and innovation round the clock to make your daily routine smoother, your work more fun and keep you ahead of the game. Because nothing beats the feeling of a job done smarter.
PICK YOUR PLAYER

THE NISSAN NV200 IS BUILT FOR THE WAY YOU WORK. Thanks to its impressive load capacity, it's up to the biggest tasks, but is small enough to thread through busy city traffic - it is the perfect partner for your business. Backed by a 5-Year / 100,000 miles Pan-European Manufacturer Warranty you're ready for anything life throws at you.

"I love my NV200 because it's a real van that feels just like a car to drive. I pack in all my paints, fabrics and ladders and zip around town. I love the rear view camera best; it makes it so easy to park without having to strain my neck."

"It's the best investment I ever made. My last diesel van cost me 4x as much to keep on the road and the NV200 is a whole lot quieter, too, which is pretty handy with all the night driving I do."

"We've got 3 NV200s now - so I suppose you could call it a fleet! Mine is a refrigerated version which is fantastic for summer events, and the others double up as family cars - they're great for ferrying the kids around!"

"I started my own business 3 years ago and owe much of my success to my NV200. It's so spacious and incredibly comfortable which makes the job less tiring. I've just got a new one, and with the 5 Year Warranty now, it's even better than before!"

"I love my NV200 because it's a real van that feels just like a car to drive. I pack in all my paints, fabrics and ladders and zip around town. I love the rear view camera best; it makes it so easy to park without having to strain my neck."

COMPACT BODY & OUTSTANDING CARGO CAPACITY

THINK BIG. The NV200 is ready to take any load your business can throw at it thanks to the generous loadspace available.

PREPARE TO BE SURPRISED. A lot more goes into the NV200 than you'd think looking at its neat exterior - the intelligent design makes it so much easier to get everything from A to B.

Clever Multipurpose Space

BE FLEXIBLE. It's simple with the NV200. Its internal dimensions have been thoughtfully planned out to make room for jobs of all shapes and sizes, so that you never have to say no.

KEY PERFORMANCE INDICATORS

CITYWISE

MAKE THE RIGHT MANOEUVRES. Easy entry, simple to park and incredibly agile in challenging environments, with great visibility thanks to a high driving position too.

SMALL OUTSIDE
BIG INSIDE

Despite the NV200’s generous 4.2m³ capacity, its compact dimensions make it easy to manoeuvre through traffic and negotiate parking spaces. A smart design - the best in town.
TAKE A HANDS-ON APPROACH

Driver focused. Inside the NV200’s spacious cabin, the solid quality of the materials, thoughtful, functional design details, numerous storage spaces and a raised, multi-adjustable driving seat create a comfortable mobile office.
OUTSTANDING CARGO CAPACITY

The NV200 has been designed to maximize cargo space by optimizing internal dimensions. With 4.2m³ cargo volume and 728kg payload, the NV200 is ready for any unexpected job.

- **2.04m**
  - The NV200 has a load space long enough for two Euro pallets.

- **1.50m**
  - With more space between walls, wider loads are easy too.

- **1.36m**
  - A low floor and tall roof mean more height to cope with bulky loads.

- **4.2m³**
  - Class leading cargo volume.

**UP TO 728KG PAYLOAD**

**4.2m³ CARGO VOLUME**

COMPACT BODY WITH UNLIMITED POSSIBILITIES

Intelligent design means the NV200 packs remarkable cargo space into its compact external dimensions. With an overall length of 4.40m and an overall width of 1.69m, it is easy to move through the streets in even the most challenging of urban environments. From pallets to building materials, the NV200 can carry it all.
CLEVER MULTIPURPOSE SPACE

The NV200's huge cargo space has been shrewdly designed to maximize internal dimensions and facilitate your everyday work. With an interior length of 2.04m and 1.22m between the wheelarches, two Euro pallets can fit in easily. Loading and unloading is quicker and easier too with the cargo floor just 524mm from ground level. Cargo floor load lashing hooks help keep your deliveries secure. You can configure the NV200 to meet your needs, thanks to a large choice of partition walls, one or two sliding side doors and optional rear windows.
CONVERSION CREW VAN

Transport a crew of 5 and a 2.1m³ load or create outstanding volume in just a few seconds! The folding 2nd row 3-seater bench seat - complete with seatbelts, headrests and an integrated mesh bulkhead - folds down quickly to create 3.1m³ of cargo space. Compact and robust with with 180 degree opening twin rear french doors to make loading and unloading easier, the NV200 Crew Van is the most practical choice for your profession.

WORKING FLEXIBILITY

2.1M³ VOLUME WHEN THE SECOND ROW OF SEATS IS IN PLACE AND 3.1M³ WHEN THE SECOND ROW OF SEATS IS FOLDED.
CITYWISE

The NV200 thrives in the city. Its compact dimensions make it easier to park and position in traffic than its competitors. Excellent visibility from the high seating position combined with superb agility help you manoeuvre the NV200 easily through crowded streets.

SEE CLEARLY, SIT COMFORTABLY

The NV200’s driving position is higher than its rivals to help you see further ahead, with the dashboard instruments angled to face you, so you can read them with just a quick glance.

COLOUR REVERSING CAMERA.
Squeezing into small parking spaces and loading bays is simple with the colour reversing camera*. The display gives you a full view of the area behind you, and superimposes guidelines to help you position the NV200 exactly where you want it.

*Standard from Acenta grade
SMART AND CONVENIENT

It’s easier to work and relax in the NV200’s smart interior. There’s a solid, quality feel to the materials and a wide range of storage spaces designed for the items you use every day. The passenger seat can also be specified with an optional folding back which makes a desk so that you can take care of the paperwork before you head to your next job.

The NV200 has 13 different storage spaces. The centre upper tray and glove box are ideal for paperwork, while holders for your drinks, bottles and cans on the dashboard are easy to reach and the large door pockets can hold an A4 road map. The NV200 has concealed storage too, such as the drawer under the driver’s seat, a secret compartment in the glove box and a convenient centre console.
The NV200 is available with a highly efficient 1.5 dCi turbo diesel engine with the choice of either 90PS or 110PS.

Both power outputs offer excellent fuel economy, with an impressive range in everyday driving conditions, so you can also go longer between fill-ups, as well as lower CO2 emissions.

At Nissan, safety is a top priority. That’s why the new NV200 is equipped with a wide variety of active safety systems including Vehicle Dynamic Control (VDC), ABS with Electronic Brakeforce Distribution (EBD) and Brake Assist which increases your braking effort and optimises stability control. Like you, we want everyone to feel safe on board the NV200, so as well as the driver's airbag, front seat belt pretensioners are standard on all models.

LOW COST OF OWNERSHIP

The NV200 makes good business sense. Designed for low total cost of ownership from the outset, the NV200's robust construction, durable, reliable materials and minimal everyday running costs make it a long-term asset - and it comes with a 5-Year/100,000 miles warranty to prove it.

GEAR CHANGE INDICATOR
To help you drive more economically, the gearchange indicator in the dashboard display shows when the engine reaches the ideal revs to shift into a higher gear.

KEEPING YOU INFORMED
Equipped with a multifunctional display with onboard trip computer, the NV200 provides all the information you need to drive efficiently. It shows you engine revs, average and real-time fuel consumption, as well as remaining range.

TOUGH WHERE IT MATTERS
The tough centre structure can handle the demands of hard work and helps keep you well protected.
CONSIDER YOUR OPTIONS

The NV200 has got all your needs covered. You can adapt to the climate using air conditioning and front fog lights. As well as, tailor the cargo area for your needs, using a steel bulkhead with fixed window or an opening mesh bulkhead.
SELECT YOUR FAVORITES

Get your NV200 fully equipped for a hard day’s work. Start with plastic or wood protection for the cargo area, add mudguards and mats to keep out the dirt, and opt for body side mouldings and sidebars to avoid any scrapes. Invest in a roof rack and a removable towbar too – with Nissan Genuine Accessories you’ll be ready for anything.

1. LUGGAGE RACK
2. WIND DEFLECTORS FRONT SET
3. BUMPER CORNER PROTECTORS
4. SLIDING DOOR PLASTIC PROTECTION - COMPLETE PROTECTION IN 4 PARTS
5. PLASTIC FLOOR PROTECTION FOR VAN
6. LOAD CARRIER STEEL TWO BARS
7. MUDGUARD
8. REMOVABLE TOWBAR
9. FLOOR MATS
10. BODY SIDE MOULDINGS AND SIDE BAR
NISSAN
NV200 PANEL VAN

The NV200 Panel Van provides big van capabilities within a compact van footprint. Thanks to its impressive load capacity and low floor height, it is up to the biggest tasks, but is small enough to thread through busy city traffic. The spacious, comfortable cabin gives you the storage, convenience and connectivity you need, making the NV200 Panel Van the perfect partner for your business.

SAFETY
• ABS with EBD and Brake Assist
• Driver airbag
• Nissan Anti Theft System immobiliser
• Remote central door locking
• Superlocking
• Shielded door locks
• Spare wheel
• Vehicle Dynamic Control (VDC)
• Thatcham approved alarm system

EXTERIOR STYLING
• 14'' Steel wheels
• Black bumpers (front and rear)
• Black door mirrors
• Full wheel covers
• 60:40 split 180 degree unglazed twin rear french doors
• Twin sliding side panel doors

INTERIOR STYLING
• Fixed passenger seat
• 13 cabin storage areas
• Under-seat storage

COMFORT AND CONVENIENCE
• Steering wheel mounted audio controls
• Rake adjustable steering wheel
• Trip computer
• Front electric windows - driver's side one touch
• Electrically adjustable door mirrors
• Power steering

CARGO AREA
• Full steel bulkhead without fixed window
• 6x cargo floor load lashing hooks

AUDIO AND NAVIGATION
• 2 speakers
• AUX socket for MP3 Player
• USB port
• Bluetooth® telephone integration
• AM/FM/CD audio system

TEKNA

IN ADDITION TO ACENTA

SAFETY
• Passenger airbag

#### TECHNICAL SPECIFICATIONS

* According to directive 2009/1/EC EEC; Last amendment 2004/3/EC
  ** MPG figures are obtained from laboratory testing, in accordance with 2004/3/EC and intended for comparisons between vehicles and may not reflect real driving results.**
  (Optional equipment, maintenance, driving behaviour, road and weather conditions may affect the official results)
DPF FILTER

WHAT IS A DPF?

A DIESEL PARTICULATE FILTER (DPF) forms part of the vehicle’s exhaust in order to limit the amount of soot particles contained within the exhaust gas passing into the atmosphere. When the amount of soot in the filter reaches a specific level, this needs to be reduced in order to maintain the filter’s function. This reduction is called ‘REGENERATION’ and is carried out by the vehicle’s electronic control system which raises the exhaust gas temperatures during normal driving. If a vehicle requires frequent regeneration due to driving style, these high temperatures cause the engine oil to degrade more quickly.

However, from 2011 onwards Nissan vehicles were fitted with an OIL CHANGE SUPERVISOR (OCS) as well as a DPF to help monitor the condition of the oil and ensure the quality never falls below a minimum level.

WHAT IF I ONLY DRIVE SHORT JOURNEYS?

If the vehicle is only driven for short journeys, or at low speed, then it may not be possible for regeneration to occur. In this situation, the below warning lights will be illuminated on your dashboard.

Please refer to your Owner’s Manual for further information.

After seeing these warning lights you need to drive, as soon as possible, above 40mph until the light goes out. This can take up to 30 minutes depending on the amount of soot collected in the filter.

WHAT IF I IGNORE THEM?

If you continue to drive at low speeds the exhaust gas temperatures cannot rise, so regeneration cannot occur. In this instance, a combination of the below warning lights will be illuminated on your dashboard.

In this case, and in order to protect the engine and DPF Filter, the vehicle will require ‘SERVICE REGENERATION’ which can only be carried out by a workshop equipped with Nissan diagnostic equipment. You will need to go to your nearest Nissan dealer in case the oil and filter needs to be replaced.

As ‘SERVICE REGENERATION’ is not a manufacturing fault, so the cost will NOT be covered under warranty.
AT NISSAN, YOU BRING OUT THE BEST IN US.
You spark our imagination. You provoke our ingenuity. You inspire us to change the rules and innovate. And at Nissan, innovation is not just about additions and extensions; it's about crossing the line to reinvent the status quo. It's about developing unexpected solutions to satisfy your wildest and most pragmatic desires. At Nissan, we design vehicles, accessories and services that break the mould - making the practical exciting and the exciting practical to offer you a more exhilarating driving experience everyday.

NISSAN LCV 5 YEAR MANUFACTURER WARRANTY
Nissan now offers a standard 5-Year / 100,000 miles Pan-European Manufacturer Warranty for its LCV range. *

- 5 Year or 100,000 miles bumper-to-bumper protection

And with service intervals at 1 Year or 18,000 miles on the NV200, you'll not only have 5 years of peace of mind but also low running costs into the bargain.

NISSAN SERVICE CONTRACTS
Together, you and your Nissan dealer can establish a Nissan Service Contract which provides Service and Maintenance cover for the mileage and period that suits your business best. Giving you true peace of mind, this Contract will ensure that your NV200 is cared for by dedicated Nissan technicians.

CUSTOMER SERVICES

SPECIALISED LCV NETWORK
NISSAN provides a specialised network of LCV dealerships to support your specific commercial vehicle requirements:
- Pan-European coverage
- Dedicated LCV Sales & After Sales staff
- Competitive financing solutions
- Tailor made conversion offers
- Competitive extended warranty offers to go even beyond NISSAN LCV 5 Year Warranty.
- Test drive your choice

AFTERSALES SERVICES
If your car breaks down, it’s inconvenient. If your van breaks down, it’s a serious blow to your business. Even time allowed for servicing is downtime, when your van isn’t earning its keep. At Nissan, we understand these hard business facts. So we do the best to ensure that your van stays where it belongs – working for you, on the road.

NISSAN SERVICE CONTRACTS
Together, you and your Nissan dealer can establish a Nissan Service Contract which provides Service and Maintenance cover for the mileage and period that suits your business best. Giving you true peace of mind, this Contract will ensure that your NV200 is cared for by dedicated Nissan technicians.

5 YEAR ROADSIDE ASSISTANCE
- Pan-European coverage for breakdowns, accidents, non-warrantable incidents (such as flat tyres, lost keys, wrong fuel.)
- 24/7, 365 days
- Emergency Call Centre
- Prompt roadside assistance

If this is not possible and your vehicle is still immobilised after a few hours, we will make sure you are provided with a courtesy vehicle as soon as possible or if necessary, overnight accommodation and travel to your onward destination or back to your base. We will also recover your immobilised vehicle.
