DRIVE IN ECO MODE AND B MODE TO EXTEND YOUR RANGE EVEN FURTHER. Eco Mode automatically adjusts acceleration response and the climate control system to minimise energy consumption. B Mode increases the level of regenerative braking. Together, they help you get the most out of every charge.

*Time dependent on charging conditions, including Charger type and condition, battery size as well as ambient & battery temperature at point of use. Ambient temperature may also affect the driving range of the vehicle.

DRIVING RANGE

124 MILES COMBINED CYCLE
187 MILES CITY CYCLE

(WLTP HOMOLOGATION)

RAPID CHARGE
7:30
DOMESTIC CHARGE
21:30

Go even further all together.

What if you had the ideal family van, with room for 5 or 7 all the versatility you need and a totally new kind of driving pleasure? Now imagine if you never had to stop for petrol or worry about oil changes or transmission services. It’s all yours when you go 100% electric with the 40kWh e-NV200 Combi. Using the same battery technology of the award-winning 100% electric new Nissan LEAF, e-NV200 is the ideal vehicle to drive all together! Which means you can travel from 124 to 187 miles (combined and city WLTP cycles*) on a full charge and experience a zero-emission** journey for all of your to-do’s. Make the switch for you and your family, so you can say goodbye to petrol and diesel.

**zero-emissions whilst driving

REQUEST A TEST DRIVE

*Depends on various vehicle driving
Always stay connected

You only need to go as far as your dashboard to get all the info you need for the day’s plans. Keep tabs on your current charge, estimated range, and how much power you’re using as you drive, right on your instrument panel. Then access the Nissan Navigation System, NissanConnect EV, the Zero Emission menu, and audio options all in one place – on the 7” colour touch-screen monitor*. Here, you can manage your driving range, calculate routes, get real-time traffic updates, and use hands-free Bluetooth. And, thanks to NissanConnect EV, you can also connect with your e-NV200 Combi using your computer or mobile device to manage some functions remotely, like charging and climate control.

*NissanConnect EV is standard on Evalia grade only. It is an optional extra on Acenta grade only.

NissanConnect EV
All the information you could need at the touch of a button:
- Estimated available range
- Nearby charging stations
- Eco route planning
- Energy usage
- Driving habits and history

7” monitor is standard on Evalia grade only. It is an optional extra on Acenta grade only.
Always stay Connected with your e-NV200

And it will keep you updated as well. For instance, when it sends you a friendly notification to let you know it’s finished charging. NissanConnect EV makes the conversation possible, with a smartphone app that lets you keep in touch with your e-NV200 Combi remotely and ask it to do things like start charging or turn the heat on. And when you log on to your NissanConnect EV account on your laptop, you’ll discover even more ways to make driving 100% electric easy and fun.

FROM YOUR SMARTPHONE. Using the NissanConnect EV app, you can connect to your e-NV200 Combi to start and stop charging, access climate control, see your driving range, and get alerts and updates.

FROM YOUR COMPUTER. In addition to all that you can do from your phone, log into your NissanConnect EV account online to learn your driving history, plan your route and even see how your driving efficiency ranks among other Combi owners.
Remember when driving was actually fun? Welcome back.

There’s nothing like driving electric. 100% torque off the line and seamless acceleration to bring fun and excitement to your everyday drive. The low centre of gravity and tight turning circle means smooth handling and easy control in the driver’s seat. Everyone on board will enjoy the amazingly smooth and quiet ride so whether you’re running errands or out on the town, driving your Nissan e-NV200 Combi will become one of your favourite parts of the day.
Keeps everyone in their comfort zone.

Everyone gets a good seat in this spacious, comfortable cabin that accommodates 5 or 7 people. Thoughtful details have your family in mind, like a low step-in height and lots of smart storage for the must-have items that always come along. You get all the functionality of a minibus, along with the pleasantly quiet ride of an electric vehicle – it’s a new kind of family space.

- 2nd row passengers enjoy convenient fold-up trays with a built-in beverage holder*
- Dual-control heated front seats give you a cozy welcome on cold days*
- Remote temperature control

*Not all features are available on all grades
Cargo space for all your to-do’s.

When it comes to cargo, your e-NV200 Combi is incredibly versatile, so nothing gets in the way of your plans. Seat 5 or 7 people comfortably with plenty of room for luggage and tools. Plus, it’s easy to load, thanks to an exceptionally low 524 mm rear load height.

**2 SEATS**
In the two-seat configuration, by folding up the back seats, you get best-in-class 3.1 m³ of cargo volume. That’s three mountain bikes with front wheels still attached. Ready for adventure!

**5 SEATS**
With five people on board, you can still take a large suitcase for each of them. That’s 1.9 m³ of load space - or fold down the second row of seats to create even more space. With the front passenger seat folded down, you can even carry items up to 2.8 m long.

**7 SEATER**
All is possible in the e-NV200 Combi 7-seater. You take the whole family along for the ride or you can fold the 3rd and 2nd row seats to make more space all your luggage requirements.

THOUGHTFUL STORAGE
The e-NV200 Combi has 13 different useful places to stash your stuff, including concealed areas like the under-seat storage drawer and a center console.
Stretch your capacity with the 7-seater.

The e-NV200 Combi 7 seater goes to even greater lengths to accommodate your needs and requirements. With 7 full-size seats and plenty of leg room, you can take your whole tribe on an adventure whenever the mood takes you. What’s more, thanks to 2nd row seats with a 60:40 fold down split and 3rd row spring-up seats, you’ll be able to take objects of all shapes and sizes on board. e-NV200 Combi makes light work of it all.
Nissan's safety technology takes a comprehensive approach to safety that guides the engineering and development of every vehicle we make. The features described here are just some of the many on your Nissan, helping to protect you by focusing on three key areas: keeping an eye on your vehicle's systems and the surroundings, assisting in handling unexpected situations, and helping to keep you safe in the unfortunate event of an accident.

STANDARD AIR BAGS
SAFETY CUSHION
Just to be on the safe side, e-NV200 Combi is equipped with six air bags as standard.

EXPERIENCE ESP
Electrical Stability Control turns last-minute lane changes and rapid stops into smoother operations.

GET THE BIG PICTURE
The RearView Monitor* makes tight parking spots more inviting. The screen on your dash shows the view behind your vehicle with superimposed parking guidelines. Add to that two wide-angle side view and convex mirrors, and you've got all you need to enjoy greater visibility and easier parking.

SAFETY CUSHION
Just to be on the safe side, e-NV200 Combi is equipped with six air bags as standard.

DISC BRAKES AND BRAKE ASSIST
e-NV200 Combi is equipped with disc brakes all around for confident stopping power. And if you need to hit the brakes hard, Brake Assist senses an emergency and automatically applies maximum braking force.
The full kit
Genuine Nissan accessories

COMPLETE YOUR e-NV200 COMBI WITH NISSAN GENUINE ACCESSORIES. From soft trunk liners to handy tablet holders, luggage nets to dog guards, they're custom built, tailored to fit and designed with your specific needs in mind.

- Smartphone holder 360 grip (white)
