## All-New Nissan MICRA DEFY ORDINARY

The All-New Nissan MICRA returns with electric confidence and that unmistakable cheeky charm that's been turning heads for generations. The audacious new MICRA doesn't just defy ordinary: it turns expectations upside down. With a commanding SUV-like presence that belies its compact size, MICRA proves that personality comes in all packages. Dynamic electric performance, quick charging technology, and Google Automotive Services deliver a smart, connected driving experience modern urbanites demand, while the intuitive interior offers a choice of three distinctive designs - so your MICRA feels as individual as you are. From its iconic signature lighting to its playful yet sophisticated design, every detail reflects MICRA's liberating philosophy: why blend in when you were born to stand out?

Signature full LED headlamps

Iconic rear lighting

18-inch Alloy Wheels\*

### Style with substance.

The MICRA's exterior design balances form and function, featuring eye-catching LED headlamps, robust 18-inch wheels, and a strong, confident stance. It's a design that doesn't just look good: it feels right.

\*Feature available depending on version, as standard or only as option (at an extra charge).

## MICRA that fits your vibe

Choose one of the 4 driving modes to adjust steering effort, pedal acceleration, ambient lighting and more to your preferred style of driving.

## Custom premium sound

Whether you're listening to podcasts, playlists or live recordings, tailor your audio experience to your content with one of the five immersive sound settings. Sound is delivered through nine strategically placed Harman Kardon speakers within the car interior.\*

**harman/kardon®**

\*Feature available only on Evolve

## Think compact. Live large.

Who says compact can't be roomy? With five doors and flexible roominess for every seat, MICRA proves that size isn't everything, layout is.

*\*Feature available depending on version, as standard or only as option (at an extra charge).*

## Big Plans? MICRA's In.

With room for the everyday and the unexpected, MICRA's boot adapts to you. Fold, load, go. Easy.

Tech that gets you.

With NissanConnect powered by Google built-in<sup>[1]</sup> - enjoy services like Google Assistant<sup>[1]</sup>, Google Maps<sup>[1]</sup>, and more on Google Play<sup>[1][6]</sup>. Simply sign in to your Google Account and seamlessly bring your digital life on the road. MICRA keeps you connected to what matters: your world.

YOUR CAR. IN YOUR POCKET.

With the Nissan Connectivity app<sup>[2]</sup>, MICRA stays within reach, even when it's parked. Remotely control the A/C from the app or check the charge of the battery before you get in. It's your car, remotely in control.

ANDROID AUTO & APPLE CARPLAY<sup>[3] [4] [5]</sup>

MICRA doesn't just connect to your phone: it becomes an extension of it. With Android Auto™ and Apple CarPlay®, your playlists, messages and apps follow you.

Google built-in<sup>[1]</sup>

Experience your Google ecosystem directly in your new MICRA. With Google built-in, you can effortlessly control navigation, entertainment, and communication - all hands-free. Your favorite apps are built right into your car, so you can stay focused on the road.

Google Assistant<sup>[1]</sup>

Google Assistant<sup>[1]</sup> in your MICRA allows you to control navigation, make calls, send messages, enjoy entertainment, and manage vehicle functions, using just your voice. Just say, "Hey Google" to get started.

In-car route planner by Google Maps<sup>[1]</sup>

With Google Maps<sup>[1]</sup> linked to your car's battery, the system calculates your route and automatically locates optimal charging stations when you need them.

Google Play<sup>[1] [6]</sup>

Access your favorite apps directly on your car's infotainment system with integrated Google Play<sup>[1][6]</sup>. Enjoy games and video apps during charging sessions, navigate with Waze, and discover many other apps available right in your car.

[1] Google Assistant and some related features are not available in all languages or countries. Google, Android, Android Auto, Google Maps and other marks are trademarks of Google LLC. [2] Connectivity app - NissanConnect Services app, in future name plan to change to MyNISSAN (app will stay the same). To use the NissanConnect Services you need a NissanConnect Services user account and have to register and log into NissanConnect Services/MyNISSAN app with your username and password. Services are available depending on country, model, grade and service period. Some services will be subject to a fee for the subscription period detailed in the connectivity app (NissanConnect Services app/MyNISSAN). For more information, please visit your app, Nissan website, Nissan dealer or call center. [3] Apple CarPlay® and Android Auto™ are available free of charge, depending on model and/or grade. For more information, please contact your Nissan dealer or [phonenumber/e-mail address]. [4] Apple CarPlay® is trademark of Apple Inc., registered in the U.S. and other countries. [5] Compatible Android phone and compatible active data plan required. [6] To use the Google Play app you will need to ensure you have a secure data connection through mobile phone, data tethering is an extra. Feature available depending on version, as standard or only as option (at an extra charge).

### Power everywhere

Charge where you live. Charge where you go. MICRA's all-electric flexibility gives you the freedom to move on your terms, fully powered.

*Figures quoted are for the 52 kWh battery. Charging speed and time is dependent on various conditions, including charger type and condition, battery temperature as well as ambient temperature at the point of use. In cold climates, the use of on-board battery heating may be required to specifically improve quick charging speeds. Indicated quick charging time requires use of a CCS 2 charger. The Nissan MICRA is equipped with charging safeguards to protect the battery during repeated quick charging sessions in a short period of time. The time taken for successive quick charging can take longer if the battery temperature activates the battery safeguarding technology.*

Home Charger

Quick Charger

In-car charge status & monitor

### Need a plug? Be one.

MICRA's V2L (Vehicle-to-Load) turns your car into a mobile power source. From laptops to e-bikes to plugging in your amplifier & powering your electric guitar, just plug in and go. Wherever you are, whatever you need, power's on board.

Vehicle-to-Load system

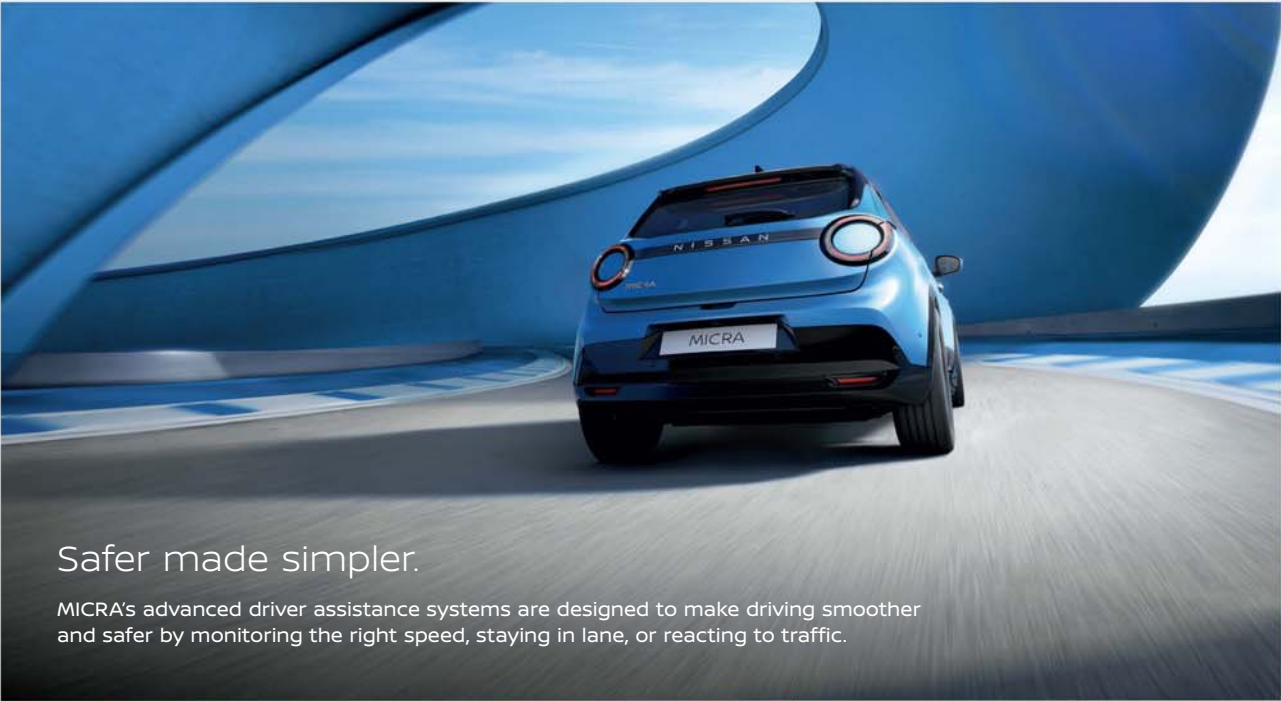

### Range you can count on.

Up to 416 km of range means you're not just going electric: you're going everywhere you want. MICRA powers your everyday with smooth confidence, no guesswork needed. Freedom looks good on you.\*

*\*Figures were determined under the new Worldwide harmonized Light Vehicles Test Procedure (WLTP) test cycle. WLTP figures shown are for comparability purposes. Actual real world driving results may vary depending on factors such as the starting charge of the battery, accessories fitted after registration, weather conditions, driving styles and vehicle load.*

Safer made simpler.

MICRA's advanced driver assistance systems are designed to make driving smoother and safer by monitoring the right speed, staying in lane, or reacting to traffic.

Sit back, park easy.

Tight space? Sloped street? No problem. With ProPILOT Park<sup>[2]</sup>, MICRA can steer, brake and park all by itself. No sweat, no hands.

Glide mode: on.

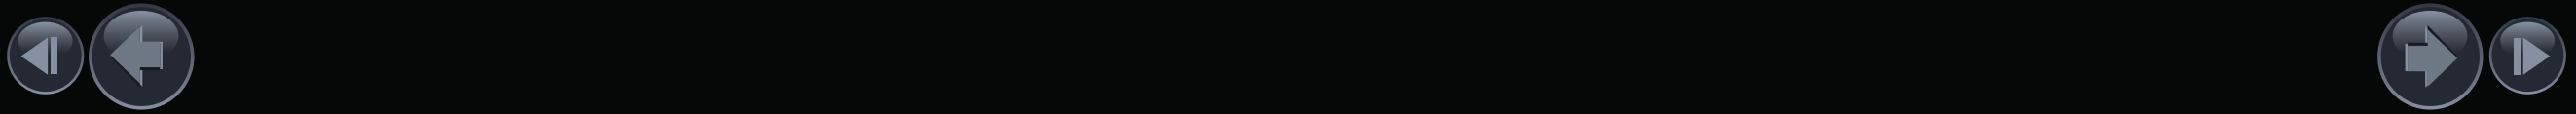

Cruise through traffic with confidence — one-pedal driving and paddle shifters let you fine-tune regenerative braking right down to a complete stop.

Less hassle. More cruising.

MICRA's ProPILOT Assist<sup>[1]</sup> with Navi-link<sup>[1]</sup> helps maintain your speed, stay centred in your lane and adapt to curves ahead. It even syncs with the navigation to slow down gently for exits and corners. That's what we call stress-free driving.

[1] ProPILOT Assist is available on a limited range of vehicles. ProPILOT Assist is an Advanced Driver Assist technology but cannot prevent collisions. ProPILOT Assist is intended for "Eyes on/ Hands On" for motorways only (road separated by Barriers). Driver should monitor all traffic sign and obey traffic laws. It is the driver's responsibility to stay alert, drive safely and remain in control of the vehicle at any time. You should not rely solely on driver convenience features. Some features may not work in all conditions and circumstances. Speed and other limitations apply. [2] Feature available as an option on 52 kWh Evolve.

## Enjoy a life of serenity

### Service Contracts

Give your Nissan MICRA the care it deserves with a Nissan Service Contract and save money in the long run. Nissan Maintenance Contract covers all the scheduled operations recommended by Nissan and specified in the owner's manual & warranty booklet. Maintenance Contract allows you to know from the start how much your maintenance will cost and protects you against price inflation. Select the duration that covers your needs and benefit from the use of Nissan Genuine Parts fitted by our trained technicians. A well maintained vehicle has a greater resale value. If you sell your Nissan before your contract expires, the Service Contract will be transferred to the new owner. So do not wait any longer and subscribe to a Nissan Service Contract for extra peace of mind!

### Extended Warranty

Extended Warranty gives you the opportunity to extend your warranty for a longer period or mileage. Select the contract that best suits your driving usage. In case of a repair, only Nissan genuine parts will be used and fitted by Nissan trained technicians.

### Nissan Assistance

All new Nissan vehicles come with free pan-European Roadside Assistance for the duration of the warranty period. Nissan European Roadside Assistance is there for you 24/7. From a flat tyre to lost keys or an accident, we help you get back on the road as fast as possible.
