

TOWNSTAR VAN

As forward thinking as your business

We know that for small business owners and entrepreneurs like you, profit isn't the only measure of success. Passion, pride and sustainability in everything you do is equally important. So isn't it time you got an electric van that gets you? Introducing the Nissan Townstar – a 100% electric van that's as forward-thinking as your business.

The difference is in the details

ALL IN A DAY'S WORK

Complete your daily tasks on a single charge. With a 44kWh battery, 100% Electric Nissan Townstar delivers a range of up to 301km^[1] – enough to take you through to home time.

LOWER YOUR COSTS

With an impressive range and efficient energy tariffs available, you will be equally impressed by the low running costs.

Loading length:

x2 Euro-pallets

AN OFFICE ON WHEELS

We know that when you're a small business, you need to be "on the road" but never away from the office. Nissan Townstar has you covered with its advanced connected cabin and innovative storage for files and paperwork.

L2 SLIDING DOOR

With its extra-large sliding door, Townstar L2 allows you load a euro pallet via the side door.

TAKE YOUR SEAT

Depending on your business needs, you can choose between one or two^[2] passenger seats next to the driver seat.

2 seats

3 seats

^[1] Range figures are obtained from laboratory testing in accordance with EU legislation and are intended for comparison between the different types of vehicles. The information does not refer to a particular individual vehicle and does not constitute part of the offer. The figures may not reflect real driving results. Optional equipment, maintenance, driving behavior and non-technical factors like weather conditions may affect the official results. Figures were determined under the new Worldwide harmonized Light Vehicles Test Procedure (WLTP) test cycle.

^[2] Features available depending on version, as standard or only as option (at an extra charge).

^[3] Load capacity can be increased to 3.9m³ (L1) and 4.9m³ (L2) with the swivelling bulkhead and flat folding passenger seat option.

Design that fits right in

Bold design, robust lines, and compact form Nissan Townstar has the looks to stand out and the proportions to fit in. Making it perfect for tackling the car park or narrow city streets.

LED headlamps and Daytime Running Lamps

LED signature daytime tail lamps

Front grill with charging hatch^[2]

LED front fog lamps with cornering lamp technology^[1]

Machine-finished alloy wheel^[1]

^[1] Features available depending on version, as standard or only as option (at an extra charge).
^[2] EV model

Sophisticated design. Seamless practicality

Discover a quality interior, with high-grade finishes, ergonomically designed steering wheel and a 7" fully digital meter display^[1]. For a clutter-free and connected cabin, Nissan Townstar features wireless smartphone charging^[1] and up to 3 USB ports^[1].

Electronic parking brake

Automatic gear shifter^[1]

7" digital combimeter^[1]

^[1] Features available depending on version, as standard or only as option (at an extra charge).

Everything in its right place

Ergonomic, multi-functional and highly practical, Nissan Townstar’s cabin offers plenty of innovative storage, and the option of three seats in the front – with the middle backrest folding conveniently away when not needed to create a useful office table.

Climate control^[1]

Smartphone holder^[1]

King size cup holders

Front door storage

A4 Storage

Driver's storage area with lid and 2 USB sockets

^[1] Features available depending on version, as standard or only as option (at an extra charge).
^[2] Wireless charging performance of non-Qi certified devices may vary, please consult your manufacturer for further information.

Open to all possibilities

Nissan Townstar L1 offers a generous 3.3m³ of load space. With the same approach in the front, Townstar's cabin delivers ample storage for working files and important items.

VAN L1

L1 Van with full bulkhead^[1]

Loading length

x2 Euro-pallets

^[1] Features available depending on version, as standard or only as option (at an extra charge).

Your extended space, your way

With Townstar L2, whether you're loading boxes, pallets, furniture or any other type of cargo, discover the impressive extended load volume of 4.3m³ and a load bed of over 2.2 metres. But there's also the larger side door that gives you wider access and allows direct side loading of europallets and multiple harness points to secure your load. Upgrade to 4.9m³ and 3.5m load length with the optional swivelling bulkhead* to really maximise the cargo capacity.

*Not available for RHD markets

Intelligent, intuitive, connected

The 8" touchscreen^[1] in the Nissan Townstar is your portal to NissanConnect: through intuitive navigation, advanced technology and more. When inside your car^[2], connect your phone to start using your preferred Apps thanks to Apple CarPlay[®]^[3] and Android Auto[™]^[3]. You're all set for your daily business.

NAVIGATION^[1]

Find your way effortlessly with advanced navigation, featuring: 3D view, speed limit guidance, junction view, real-time traffic information and continued navigation even without a GPS signal, thanks to the systems internal gyroscope.

E-CALL

In case of any emergency, E-call^[1] can be set to automatically or manually at the touch of a button, make a call to emergency services. The system is triggered if a collision is detected by your vehicle's sensors.

^[1] Features available depending on version, as standard or only as option (at an extra charge).
^[2] Connecting a mobile phone to use NissanConnect should only be done when the car is parked safely. Use of the system should always be in accordance with the rules of The Highway Code. Drivers should only use the system when it is safe to do so. Users should be aware of the potential for hands-free technology to distract attention from the road, which could impact on having full control of the vehicle.
^[3] Apple CarPlay[®] and Android Auto[™] are available free of charge, depending on model and/or grade.

The power to make a difference

Confident performance, impressive efficiency, and dimensions that fit in more ways than one. Discover powerful engines, versatile space and proportions just right for effortless city driving or a road trip.

100% ELECTRIC TOWNSTAR

Cleaner, quieter and cheaper to run, with up to 301km range^[1], 100% Electric Nissan Townstar is powered by a 44kWh battery connected to a 122PS/245Nm electric motor.

Available with a heat-pump and liquid battery cooling to bring cabin comfort with optimal efficiency for autonomy and charging.

[1] Range figures are obtained from laboratory testing in accordance with EU legislation and are intended for comparison between the different types of vehicles. The information does not refer to a particular individual vehicle and does not constitute part of the offer. The figures may not reflect real driving results. Optional equipment, maintenance, driving behavior and non-technical factors like weather conditions may affect the official results. Figures were determined under the new Worldwide harmonized Light Vehicles Test Procedure (WLTP) test cycle.

Technology that's got your back

BLIND SPOT WARNING & INTERVENTION^[1]
Technology that keeps a look out for vehicles in your blind spot area, and gives you a nudge back into lane if you start to move over into the path of a vehicle in your blind spot.

TRAFFIC SIGN RECOGNITION^[1]
Keeps the driver informed of speed limit changes and other important road information by detecting speed limit and warning signs as you drive.

INTELLIGENT CRUISE CONTROL^[1]
It measures the distance from the vehicle ahead, controlling acceleration and deceleration to automatically maintain a suitable following distance within your set speed.

INTELLIGENT FORWARD COLLISION WARNING^[1]
Keeps an eye on the vehicle in front of you. When the system detects a sudden deceleration ahead, it gives you an audible and visual warning to slow down.

INTELLIGENT EMERGENCY BRAKING^[1]
Townstar looks out for you - and those around you. If there are any objects in your way, this system will help you brake if necessary to avoid or reduce damage caused by collision.

Looking out for you

Like an extra pair of eyes on the road, Nissan Townstar is equipped with advanced safety technologies keeping you safe for maximum peace of mind such as Nissan Intelligent Cruise Control^[1]. When activated, you're not on your own, it keeps your distance by measuring the distance from the vehicle ahead, controlling acceleration and deceleration to automatically maintain a suitable following distance within your set speed.

[1] Features available depending on version, as standard or only as option (at an extra charge).

VAN L1

VAN L2

EV BATTERY CHARGING TIME (APPROXIMATELY)

DOMESTIC CHARGING (10-100%)		
Domestic socket 2.3 kW with mode 2 cable		23h
Domestic Wallbox 7.3 kW with mode 3 cable		6h20min
PUBLIC CHARGING (15-80%)		
AC 11kW with mode 3 cable		2h40min
AC 22kW with mode 3 cable		1h30min
DC 80kW rapid charger		37min

Figures quoted are for 45Kwh battery. Charging speed and time is dependent on various conditions, including charger type and condition, battery temperature as well as ambient temperature at the point of use. In cold climates, the use of on-board battery heating may be required to specifically improve quick charging speeds. Indicated quick charging time requires use of a CCS 2 charger. The Nissan Townstar is equipped with charging safeguards to protect the battery during repeated quick charging sessions in a short period of time. The time taken for successive quick charging can take longer if the battery temperature activates the battery safeguarding technology.

NISSAN LCV 5-YEAR MANUFACTURER WARRANTY

Nissan now offers a standard 5-Year Pan-European Manufacturer Warranty on its whole LCV range*. This is much more than just a warranty as it includes:

- 5-Year or 160,000km* bumper-to-bumper protection
- 5-Year Paintwork Warranty – covering the body paint
- 5-Year Nissan Genuine Parts & Accessories Warranty
- 5-Year Roadside Assistance
- 12 Year Perforation Corrosion Warranty on Nissan Townstar
- Fully transferable
- 8-Year or 160,000km (whichever comes first) warranty on EV battery state of health (below 70%)

And with service intervals at 2 years or 30,000km for petrol or 2 years or 40,000km for electric (whichever is sooner) you'll have 5-years of peace of mind together with low running costs into the bargain.

AT NISSAN, YOU BRING OUT THE BEST IN US.

You spark our imagination. You provoke our ingenuity. You inspire us to change the rules and innovate. And at Nissan, innovation is not just about additions and extensions; it's about crossing the line to reinvent the status quo. It's about developing unexpected solutions to satisfy your wildest and most pragmatic desires. At Nissan, we design vehicles, accessories and services that break the mould - making the practical exciting and the exciting practical to offer you a more exhilarating driving experience everyday.

*5-Year / 160,000 km (whichever comes first) Manufacturer Warranty for the LCV range

Unlimited mileage for Paintwork, Nissan Genuine Parts & Accessories, Roadside Assistance & Corrosion Warranties. For more details, please refer to Nissan Warranty Booklet.

CUSTOMER SERVICES

SPECIALISED LCV NETWORK

Nissan provides a specialised network of LCV dealerships to support your specific commercial vehicle requirements:

- Pan-European coverage
- Dedicated LCV Sales & Aftersales staff
- Attractive financing solutions
- Tailor made conversion offers
- Competitive extended warranty offers to go even beyond Nissan LCV 5-Year Warranty.
- Test drive your choice

AFTERSALES SERVICES

If your car breaks down, it's inconvenient. If your van breaks down, it's a serious blow to your business. Even time allowed for servicing is downtime, when your van isn't earning its keep. At Nissan, we understand these hard business facts. So we do the best to ensure that your van stays where it belongs – working for you, on the road.

5-YEAR ROADSIDE ASSISTANCE

- Pan-European coverage for breakdowns, accidents, non-warrantable incidents (such as flat tyres, lost keys, wrong fuel...)
- 24/7, 365 days
- Emergency Call Centre
- Prompt roadside assistance

If this is not possible and your vehicle is still immobilised after a few hours, we will make sure you are provided with a courtesy vehicle as soon as possible or if necessary, overnight accommodation and travel to your onward destination or back to your base. We will also recover your immobilised vehicle.

SUSTAINABILITY

Nissan's strategy centers on sustainability, aiming for carbon neutrality by 2050 and achieving a 41.2% reduction in CO₂ emissions from new vehicles compared to 2000. The company plans to electrify all-new vehicle offerings in key markets by the early 2030s. We are committed to developing driver assistance technologies for safer journeys, with 2.27 million vehicles already equipped with ProPILOT Assist systems. Additionally, Nissan is focused on creating a diverse, equitable, and inclusive workplace.

90 YEARS

OF DARING TO DO WHAT
OTHERS DON'T.

We have built our heritage on a passion for innovation and electric mobility, from the creation of the first Datsun in 1933 to cutting-edge technologies such as e-POWER and e-4ORCE. We are also committed to achieving carbon neutrality by 2050, reducing road deaths to zero and promoting diversity, equity and inclusion.

DEFY ORDINARY

Why stick to the beaten path when you can forge your own? It's something we've always done and unites us with those who dare to be different. Those who refuse to settle for the status quo. It means we're continually creating radical new experiences, challenging conventional ways of thinking and shaking up worldviews. We're firm believers that real thrill happens when you take the plunge.

That's why we welcome boldness and fearlessly embrace the unexpected.

That's why we defy ordinary.
