

Innovation
that excites

NP300 FRONTIER

Our 56-year legacy of trust and innovation in Latin America, not to mention 80 years worldwide, have made us undisputed leaders among 1.5 million consumers in Latin American countries.

Whenever adventure beckons, Nissan will be there to show you the way.

80 YEARS OF TOUGH

**TOUGH.
SMART.**
READY FOR THE UNEXPECTED.

INTRODUCING THE ALL-NEW NISSAN NP300 FRONTIER

We have built strong and reliable pickups for generations. With this eighth generation, it's time for you to experience a new kind of excitement, where comfort and technology are combined with our legendary strength and innovation to take you from a hard day on the job to an enjoyable night on the town without missing a beat.

THE PICKUP YOU CAN TRUST, RIGHT DOWN TO ITS CORE

For a worry-free driving experience regardless of road conditions, all drivetrain components are located above the chassis of the **all-new Nissan NP300 Frontier**. This prevents damage from rocks or other elements you may encounter when driving over rough terrain.

This vehicle's approach, departure and ventral angles, make off-road driving a breeze. Plus, its superior ground clearance is on a par with the best pickups in its class.

ANGLE OF
APPROACH
33°

ANGLE OF
DEPARTURE
27.9°

GROUND
CLEARANCE
255.4 mm

VENTRAL
ANGLE
25.2°

The **all-new Nissan NP300 Frontier** is built with a ladder chassis with a double “C” structure, a design that enhances rigidity and prevents damage from external forces. In addition, it is made of high-strength steel, which increases its carrying capacity, improves its handling on any terrain and makes it 4 times more durable for everyday work giving it a remarkable advantage over the competition.

CLIMB, CRAWL AND POWER YOUR WAY TROUGH

The **all-new Nissan NP300 Frontier** and its superior technology, including the 4x4 Shift-on-the-fly, will give you all the confidence you need to take any short cut you want.

Hill Start Assistance (HSA)

HSA holds the vehicle stationary on an incline for about 3 seconds, giving you time to remove your foot from the brake and accelerate smoothly without rolling back.

Shift-on-the-fly 4-Wheel Drive

At speeds up to 60 km/h, this feature enables you to change between 2WD and 4H at the turn of a switch.

Limited Slip Differential (LSD)

This cutting-edge technology prevents slippage by applying more torque to whichever wheel has the firmest grip on the road surface. This increases vehicle control and stability.

Electronic Locking Rear Differential

This delivers the same amount of power to both rear wheels to boost traction and keep you moving.

Hill Descent Control (HDC):

HDC limits the speed to maximum 25 km/h while going down a steep grade, depending on hill's slope and/or traction conditions. Together with the ABS and EBD brake systems, it controls the braking of each wheel individually.

SHOW YOUR FINESSE THROUGH EVERY TURN

Looking for a pickup that offers maximum maneuverability on both rough terrain and paved roads? Look no further than the **all-new Nissan NP300 Frontier**. Our **MultiLink** with rigid axle rear suspension system, will help you to take your family or friends on great adventures. This system gives you a better driving experience and stability without sacrificing load capacity, durability, safety or comfort.

DEVOURS ROADS, SIPS PETROL

The **all-new Nissan NP300 Frontier** is equipped with a 2.5 L diesel or gasoline new generation engine, with 6-speed manual or 7-speed automatic transmission unlike any other in its class. It is an efficient engine built with first-rate engineering. Besides, it delivers the torque and power you need for greater acceleration and performance without excessive fuel consumption.

YD25 Diesel

TYPE	POWER (HP)	TORQUE (NM)
HIGH	188 @ 3,600 RPM	450 @ 2,000 RPM
MEDIUM	161 @ 3,600 RPM	403 @ 2,000 RPM

QR25 Gasoline

TYPE	POWER (HP)	TORQUE (NM)
MEDIUM	158 @ 6,000 RPM	233 @ 4,000 RPM

OUTSTANDING ON EVERY ROAD

The design of the **all-new Nissan NP300 Frontier** boasts aggressive front lines and a "V" shaped grille that make it more dynamic and highlights the stylish Nissan touch: our boomerang-shaped LED lights.

The vehicle is also equipped with advanced technology LED headlights for better visibility and less energy consumption.

LOAD UP OUR MOST VERSATILE PICKUP BED EVER

We know that every adventure comes with its own tool requirements. That is why Nissan created a revolutionary system of movable and adjustable cargo cleats mounted in a channel system to firmly secure your cargo to the bed surface. The bed also comes with its own 12V outlet, ready for whenever you need it.

The spacious interior of the **all-new Nissan NP300 Frontier** is perfectly adapted to the needs and lifestyle of its drivers, making it a more convenient, comfortable and functional vehicle for work.

We take care of every detail to make you feel comfortable and ready to fully enjoy your driving experience.

Oversized pockets located in the driver and passenger doors offer ample, easy-to-access storage.

High-capacity glove compartment is ideal for pens, pencils, and other important documents.

STORE IT. HIDE IT. LOCK IT. LOVE IT

A thoughtfully designed, flexible interior with lots of storage is as important for work as it is for play. Find a spot for your stuff underneath the rear passenger seats, in the side pockets, inside the generous glove compartment, and inside the large centre console. Thirsty? You'll find cup holders almost everywhere you look: mounted in the dash, next to the front seats, in the rear, and even designed into the door pockets.

The centre console includes large cupholders and a deep covered bin for items you want close at hand but out of sight.

Storage trunks conveniently located under the rear seats are perfect for tools you want to keep concealed.

The image shows the front interior of a car, specifically the driver's side. Two black leather seats with white stitching are visible. The driver's seat is in the foreground, and the passenger seat is to its left. The dashboard and steering wheel are partially visible on the right side of the frame. Through the windows, a city skyline at night is visible, with many lights reflecting on the water. The overall lighting is dim, emphasizing the interior features and the night view.

RIDE FIRST CLASS EVERY DAY

The **all-new Nissan NP300 Frontier** is roomy enough to make even your longest journeys comfortable. What's more, the Dual Zone climate control system enables both driver and passenger to select the temperature each prefers, or simply lower the window at the touch of a button, if you just need a little fresh air.

A detailed view of the interior of a Nissan car at night. The steering wheel, featuring the Nissan logo, is on the left. The dashboard and center console are illuminated, showing a radio display with 'FM 2' and '88.5', and a temperature display with '18.8' and '24.8'. The gear shift is visible in the foreground. The background shows a cityscape through the windshield.

MASTER YOUR DOMAIN

With just a few smooth moves. All controls are in exactly the right spot for quick mastery of your environment. Nissan Intelligent Key with Push start engine button allows you to lock and unlock the doors and start the ignition without taking your key out of your pocket. The available sporty, leather wrapped steering wheel with audio controls lets you operate cruise control and the audio system while your hands stay right where they should. And the available Bluetooth® Hands free Phone System lets you make and take calls with ease.

NISSAN ADVANCED DRIVE ASSIST™ DISPLAY

INNOVATION THAT'S RIGHT IN FRONT OF YOU

With so much going on around you, it's easy to lose sight of what's most important: driving. From fuel economy to song tracks to turn by turn navigation, the Advanced Drive Assist™ Display serves up info right in front of you, helping to minimize time looking away. Plus, its intuitive 3D depth and tilt design helps you take it all in quicker. So you can focus on what really matters.

NISSAN SAFETY SHIELD® PHILOSOPHY

SURROUND YOURSELF WITH CONFIDENCE

Nissan Safety Shield® is a comprehensive approach to safety that guides the engineering and development of every vehicle we make.

2 Standard airbags.

Brake Assist (BA) helps apply maximum braking force if it detects hard braking and senses you are in an emergency situation.

Anti-lock Braking System (ABS) helps you maintain steering control around obstacles while braking heavily.

Electronic Brake Distribution (EBD) sends extra force to the rear brakes when you have additional weight of passengers or cargo in the back.

Rear View Camera
This system will help you to expand your field of vision when driving in reverse.

Vehicle Dynamic Control (VDC) helps you maintain your steered path.

10 REASONS TO CHOOSE THE ALL-NEW NISSAN NP300 FRONTIER

More **ground clearance** and better approach and departure angles

4 times stronger **ladder-frame chassis** with double "C" structure

Hill Start Assistance (**HSA**) and Hill Descent Control (**HDC**)

MultiLink with rigid axle rear suspension system

2.5 L engine with 6MT or 7AT

New **tough and smart** design

High load capacity and **movable cleats** in box

Push start engine button and Intelligent Key (**iKey***)

View vital driving data using the **Advanced Drive Assist™ Display**

Brake assist (**BA**), Anti-lock Braking System (**ABS**) and Electronic Brake Distribution (**EBD**)

Features and specifications can change depending on market requirements. Please consult your local dealer.

Nissan. Innovation that excites.

Because innovation is more than a feature. Nissan delivers exciting benefits that emotionally engage and surprise our customers.

We are engaged to offer passionate driving and emotive design to our customers with the most creative executions, superior agility and responsiveness in every vehicle we build.

We believe in the power of cars to excite. That is why, we put the best innovative ideas into every model we design to bring the most exciting driving experience no matter what their path or destiny may be.

That is what has distinguished Nissan since the beginning. We build our own future and are committed to get you to places where no one has ever been to with style.
