

KICKS

GO EPIC WITH KICKS!

The Nissan KICKS has a bigger personality than ever before. With its chiseled grille and sleek LED headlights, KICKS is designed to turn heads. ProPILOT takes control of steering, braking, and accelerating, all while ensuring you stay confidently centered in your lane. An impressive 2.0L engine makes every trip powerful and efficient. And the upgraded Bose Sound System brings solid entertainment to every kilometer of the journey.

EXPERIENCE EPIC CONTROL

The cockpit is yours to command the moment you step inside. The impressive 12.3" Monolith Digital Display allows you to navigate like a seasoned adventurer. The soft-touch AC Touch Panel keeps the dashboard clean and the controls easy to access. With KICKS, you might question whether you're searching for action or already centered in it.

- | 12.3" digital display
- | AC Touch Panel
- | Best-in-class rear space
- | Wireless charging

The image shows the interior of a car, focusing on the front seats and the panoramic sunroof. The seats are upholstered in a light-colored material with dark accents. Blue sound waves are depicted emanating from the speakers, illustrating the Bose sound system. The sunroof is open, allowing natural light to enter the cabin. The overall atmosphere is one of comfort and luxury.

KICK BACK AND RELAX

Experience comfort as soon as you enter. Zero gravity seating, coupled with ambient lighting, evokes a sense of personalization while staying true to the design.

Meanwhile, immerse yourself in the high-tech sound of the available Bose Sound System. Bose Personal Plus adjusts the width and depth of the sound field around the listener, so you and your passenger can set your sound to your preferences.

If you're looking for clarity and serenity, look up. The available Panoramic Sunroof lets light in from sunrise to sunset and even shows starlight on clear nights.

DISCOVER AN EPIC DRIVE

Even more powerful and efficient than before, the KICKS is powered by an impressive 2.0L 4-cylinder engine that pumps out up to 142 horsepower and 190/4000 rpm (Nm) of torque. Engage one of up to three available Drive Modes, and you're all set to conquer the city.

THREE DRIVE MODES — COUNTLESS POSSIBILITIES

SPORT MODE:
Enjoy higher revs and a tighter drive as you zip across the finish line.

ECO MODE:
Increase your fuel economy as your engine adjusts acceleration and throttle response.

NORMAL MODE:
Handle the city streets and narrow alleys with power and agility.

Up to
18.5 km/l

SEE THE BIG PICTURE

Nothing matches the clarity of a 360° view. The Nissan KICKS gives you this advantage with the available 3D Around View Monitor. It makes parking easier by giving you a virtual composite 360° birds-eye view of your ride. Select from split-screen close-ups of the front, rear, and curbside views to get the best fit possible.

TRAFFIC, MEET YOUR MATCH

Traffic ahead, but you're not too worried. Why? Because ProPILOT lends you a hand with the little things, such as helping keep you centered in your lane and maintaining a preset distance from the vehicle ahead. All so you get a little more "go" out of your stop-and-go.

A dark grey Nissan Kicks SR is shown driving through a tunnel. The car is viewed from a front-quarter perspective, moving towards the right. It features a red roof rack and a license plate that reads "KICKS". The tunnel has curved walls and overhead lights, creating a sense of motion and depth.

NISSAN KICKS SR SPORT MEETS STREET ENERGY

Sporty details, bold surfaces, and purposeful technology define the Kicks SR—it isn't just a trim, it's a whole new attitude on the road. Bringing a sport-bred presence to every drive, the Kicks SR is where sleek style meets performance-driven design. The result is a confident and bold street stance that makes a statement from every angle: athletic, expressive, and unmistakably street-ready.

SPORTY DETAILS, BOLD SURFACES,
AND PURPOSEFUL TECHNOLOGY:

THE KICKS SR ISN'T JUST A TRIM.
IT'S A WHOLE NEW ATTITUDE
ON THE ROAD.

Inside, the SR elevates the sporty feel with Charcoal Leatherette seats featuring SR sport cloth inserts, contrasting stitching, and premium soft-touch finishes. The cockpit is designed around a clean, intuitive layout: dual 12.3" monolith digital displays, a D-shaped leather-wrapped steering wheel, and thoughtfully positioned controls that make every command effortless. Ambient LED lighting welcomes you in, while the available Panoramic Moonroof adds a sense of openness and movement. With versatile interior space, an adjustable-height cargo floor, split-folding rear seats, and smart ergonomics throughout, the SR blends style with everyday practicality.

NISSAN KICKS ACCESSORIES

BUILD TO YOUR BEAT

**A. ILLUMINATED TRUNK SCUFF PLATE**

Enhance your vehicle's style and protect its trunk with our Illuminated Trunk Scuff Plate. Designed to light up upon opening, it adds a touch of elegance while safeguarding against scratches and scuffs.

B. SIDE WINDOW DEFLECTOR

Enjoy fresh air even in the rain with our Side Window Deflector. This sleek accessory reduces wind noise and keeps the elements out, ensuring a comfortable drive in any weather.

C. REAR BUMPER PROTECTOR

Shield your vehicle from everyday wear and tear with our Rear Bumper Protector. Designed to prevent scratches, it ensures your car stays looking new and pristine.

D. CARGO ORGANIZER

Keep your trunk tidy and maximize space with our Cargo Organizer. Featuring multiple compartments, it helps you store and access your essentials with ease, making every journey more organized.

E. PANORAMIC HEADLINER ILLUMINATION

Transform your vehicle's interior with our Panoramic Headliner Illumination. This feature creates a serene and ambient atmosphere, enhancing your driving experience with a touch of luxury and sophistication.

F. EXTERIOR GROUND LIGHTING W/ LOGO

Enhance your vehicle's presence with our Exterior Ground Lighting. This feature provides a welcoming glow as you approach, adding both style and visibility to your car.

G. ILLUMINATED KICKING PLATES(WIRED)

Step into style with our Illuminated Kicking Plate. This accessory not only protects your vehicle's door sills from scuffs and scratches but also adds a touch of elegance with its subtle, glowing illumination.

H. MUD GUARD FRONT/REAR

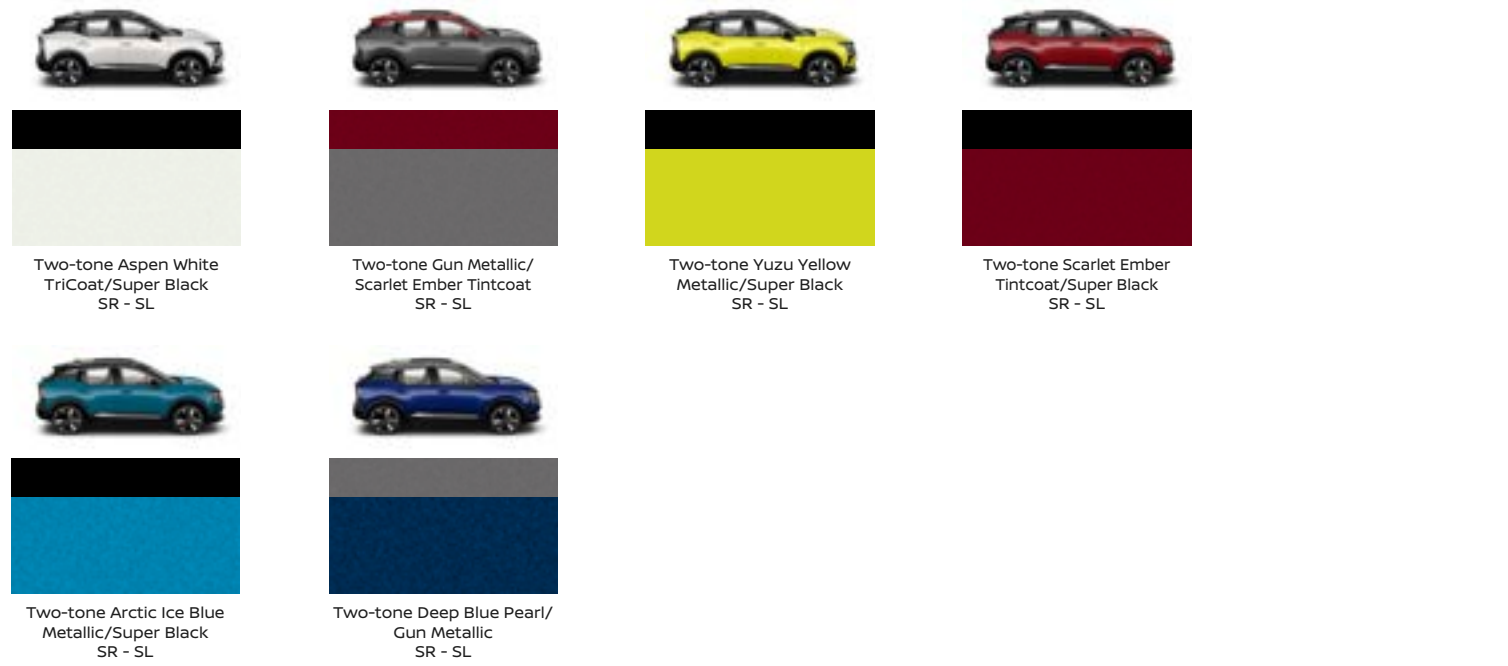

Protect your vehicle from road debris and mud with our Front and Rear Mud Guards. Designed to fit seamlessly, they help keep your car cleaner and reduce paint damage, ensuring a pristine look for longer.

I. CROSS BAR

Expand your vehicle's carrying capacity with our durable Cross Bar.
