01

MASTERED TO MASTER YOUR LIFE

True confidence belongs to those prepared for anything, and the New Nissan X-Trail delivers exactly that.

Carrying forward the legacy of its predecessors and the trust of 8 million owners over 25 years, it is the ultimate all-rounder SUV, built for space, comfort, performance, and reliability. Every component has been engineered and tested in Japan to conquer every regional challenge again and again.

It has been mastered through repetition, so all that's left to master is your life.

ELEVATED DESIGN

A balance of strength and sophistication, the X-Trail's new streamlined bumpers elevate the car's dynamic stance. For those seeking a more commanding edge, our premium grades feature exclusive gloss black accents for an unmistakably refined finish.

SLEEK AND MODERN FRONT GRILLE

A sleek V-motion front grille, characterized by its bold lines and distinctive styling, creates an inviting first impression while driving on the road.

REAR LED LIGHTS WITH INTEGRATED TURN SIGNALS

The striking new rear LED lights blend precision with presence, creating an unmistakable identity. Seamlessly integrated with sweeping LED turn lights, they effortlessly boost your safety on the road.

DYNAMIC 18" AND 19" WHEELS

Command attention from the ground up. Alloy wheels are available in 17", 18", and 19" sizes, with new designs featured on the 18" and 19" options. They balance confident presence with refined detailing.

02

REFINED FROM WITHIN

True mastery starts from within. From its incredibly quiet cabin to the immersive clarity of the 10-speaker BOSE® premium audio system, every detail of the New Nissan X-Trail has been tailored to elevate your lifestyle. Connect with your world through the expansive 12.3-inch infotainment display, while features like panoramic sunroof, rear window shades, and tri-zone climate control ensure personalized luxury for every passenger. Take the wheel, master your life, and experience a space crafted entirely around you.

7-SEATER CONFIGURATION

Master your family life with the Nissan X-Trail's flexible 7-seater configuration, designed to give everyone their own space. Adults and kids alike can stretch out comfortably with a generous 960 mm of front legroom and an even more expansive 1,095 mm in the rear. This spaciousness pairs perfectly with the ingenious Divide-N-Hide® cargo system, which utilizes adjustable dividers to offer six distinct ways to configure your seating and adapt instantly to your day.

PANORAMIC SUNROOF

The sweeping panoramic sunroof transforms the entire cabin experience, filling the interior with daylight and fresh air. It's a premium touch that adds an unmistakable sense of openness, allowing you and your passengers to command a grander view of the world.

DRIVE WITH THE SOUND OF BOSE

The Nissan X-Trail is fitted out by Bose, a leader in high-fidelity sound systems. Based on proprietary design and the acoustical analysis for the cabin, you hear every beat and every ghost note.

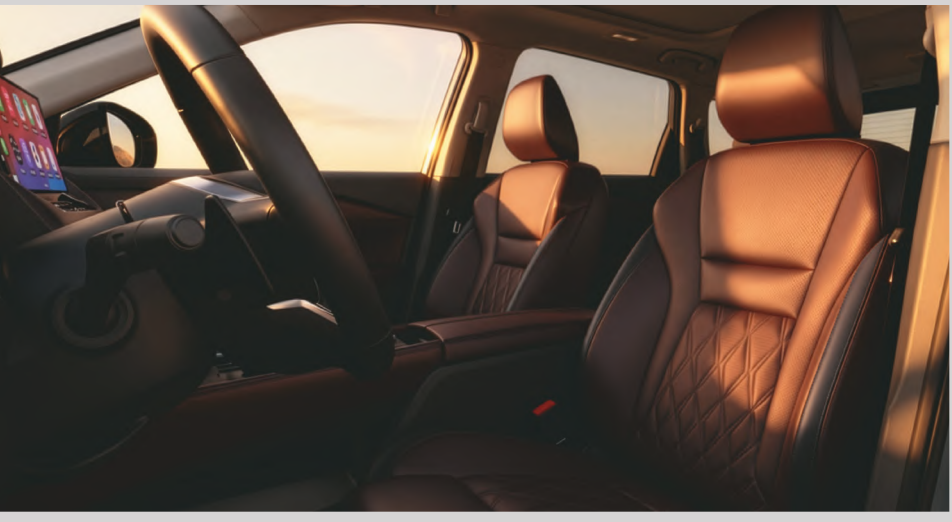

FRONT MEMORY SEATS

Comfort is refined through familiarity. Designed to reduce fatigue on every drive, the Nissan X-Trail features innovative Zero Gravity front seats that provide exceptional, ergonomically tailored support.

With a memory function, the vehicle recalls exact seating preferences, allowing both the driver and passenger to save up to two personalized settings each.

Every journey starts in a place that already feels perfectly right.

HANDS-FREE **POWER LIFT GATE**

The hands-free power lift gate does the heavy lifting for you. When your hands are full, a simple kick motion under the rear bumper opens the tail gate automatically.

With up to 585 liters of cargo space with the third row folded, the X-Trail delivers the flexibility to carry everything from everyday essentials to full family luggage with absolute ease.

FRAMELESS SMART REARVIEW MIRROR

Master your surroundings with the Frameless Smart Rearview Mirror. Flip a switch to instantly convert the glass into a digital screen, bypassing a packed boot or tall passengers. Powered by a rear-hatch camera with low-light optimization, it expands your field of view so you always drive with absolute confidence.

HEAD-UP DISPLAY

Master the road without ever looking away. The available Head-Up Display projects key information - your speed, turn-by-turn directions, and more - directly onto the windshield, so it's always exactly where your eyes already are.

INVISIBLE HOOD VIEW

Using advanced exterior cameras, Invisible Hood View reveals hidden hazards below your line of sight. From tight drive-through lanes to rugged off-road tracks, this intuitive technology ensures you stay in complete command of the path ahead.

3D AROUND VIEW MONITOR

The 3D Around View Monitor utilizes four integrated cameras to create a seamless, 360-degree view of the vehicle's perimeter. By allowing the driver to rotate the perspective and spot hidden hazards, this technology removes the guesswork from tight spaces and narrow lanes, ensuring every maneuver is executed with absolute confidence.

TRI-ZONE AUTOMATIC TEMPERATURE CONTROL

Comfort is never a one-size-fits-all compromise. This advanced temperature control system allows for the creation of three separate comfort zones, ensuring that everyone on board enjoys the journey at the right temperature.

DUAL 12.3-INCH SCREENS

Two 12.3-inch displays, working as one. Your digital driver display keeps speed, trip data, and other important information exactly in view, while the 12.3-inch infotainment touchscreen delivers vibrant, instantly responsive control - from Apple CarPlay® and Android Auto™ to your favorite playlist. Wherever the road takes you, staying in absolute command of every detail is entirely effortless.

03

ROCK CREEK

MASTERED FOR ADVENTURE

Built for those who seek refinement beyond the city limits, the X-Trail Rock Creek combines rugged capability with bold, blacked-out styling for a presence that feels equally at home on urban streets and untamed terrain.

Bold black exterior accents and distinctive Rock Creek detailing give the X-Trail a more rugged, commanding presence designed to stand out on every journey.

LAVA RED ACCENTS

Signature highlights that amplify its rugged identity.

ROCK CREEK EMBLEM

Bold rear badging signals its off-road spirit.

18-INCH ALLOY WHEELS

Designed for stability with a commanding, confident stance.

ROCK CREEK

TOUGH IN EVERY DETAIL

Inside the X-Trail Rock Creek, the cabin is masterfully designed to handle the city streets as well as the rugged terrain. Blending heavy-duty resilience with striking contrast accents, the interior gives you a premium, adventure-ready environment that handles messy gear and city drives with unmatched confidence.

WATER-RESISTANT PU2.0 SEATS

Durable, easy-to-clean surfaces designed to resist water and dirt.

ORANGE STITCHING & EMBROIDERY

Bold detailing that adds contrast and character that elevates the interior.

REFINED UTILITY

Practical durability delivered with a premium finish.

04

EFFORTLESS ACCESSIBILITY & SAFETY

ProPILOT acts as an intuitive co-pilot, delivering 360-degree protection by constantly synchronizing steering, braking, and acceleration to hold the lane and secure a safe distance. By managing the micro-decisions of stop-and-go traffic, the X-Trail elevates the drive from a chore to a masterfully smooth experience.

STANDARD **SAFETY SHIELD 360°**

The New Nissan X-Trail surrounds you with an intuitive layer of defense that senses, adapts, and acts instantly. It doesn't just watch the road; it masters it alongside you, giving you the clarity and confidence to navigate through any situation.

BLIND SPOT INTERVENTION AND WARNING

Helps prevent lane-change collisions by detecting vehicles in your blind spots.

PREDICTIVE FORWARD COLLISION WARNING

Alerts you to sudden movements of the vehicle ahead, giving you time to respond before a potential collision.

LANE DEPARTURE PREVENTION AND INTERVENTION

Warns if you drift from your lane and gently assists in returning you safely.

FORWARD EMERGENCY BRAKING WITH PEDESTRIAN DETECTION

Keeps track of speed and distance from vehicles or pedestrians ahead, warning you when needed and applying the brakes to help avoid or reduce impact.

HIGH BEAM ASSIST

Automatically adjusts between high and low beams, ensuring clear visibility without distraction.

REAR CROSS TRAFFIC ALERT

Monitors traffic behind you when reversing, warning of vehicles approaching from either side.

DRIVER ALERTNESS

Monitors driving patterns and alerts you if signs of fatigue are detected.

TESTED FOR EVERY TERRAIN. AGAIN AND AGAIN.

Different terrains demand different responses. The Nissan X-Trail adjusts seamlessly through five intelligent drive modes to deliver absolute consistency, wherever the road leads.

OFF-ROAD MODE

From gravel to sand to dirt, a commanding maximum ground clearance of 273 mm ensures obstacles are overcome with ease. The system subtly balances throttle and transmission response to adapt to changing terrain, building absolute confidence surface after surface.

SNOW MODE

Engineered for low-grip conditions on routes with fresh powder, it backs off on throttle response and adjusts gearing to help maintain control on snow-covered roads.

AUTO MODE

Designed for everyday driving, it automatically adjusts throttle, steering, air conditioning, and transmission settings for a smooth, comfortable drive. This mode will be selected first each time the ignition is turned on.

ECO MODE

It enhances fuel economy to take you farther. The engine and Xtronic CVT (Continuously Variable Transmission) controls change to give you a truly fuel-efficient journey.

SPORT MODE

Dial up the performance of your Nissan X-Trail. This mode sharpens throttle response with tighter steering to give you a more dynamic drive, especially on those adrenaline-pumping twists and turns of the road.

HILL DESCENT CONTROL

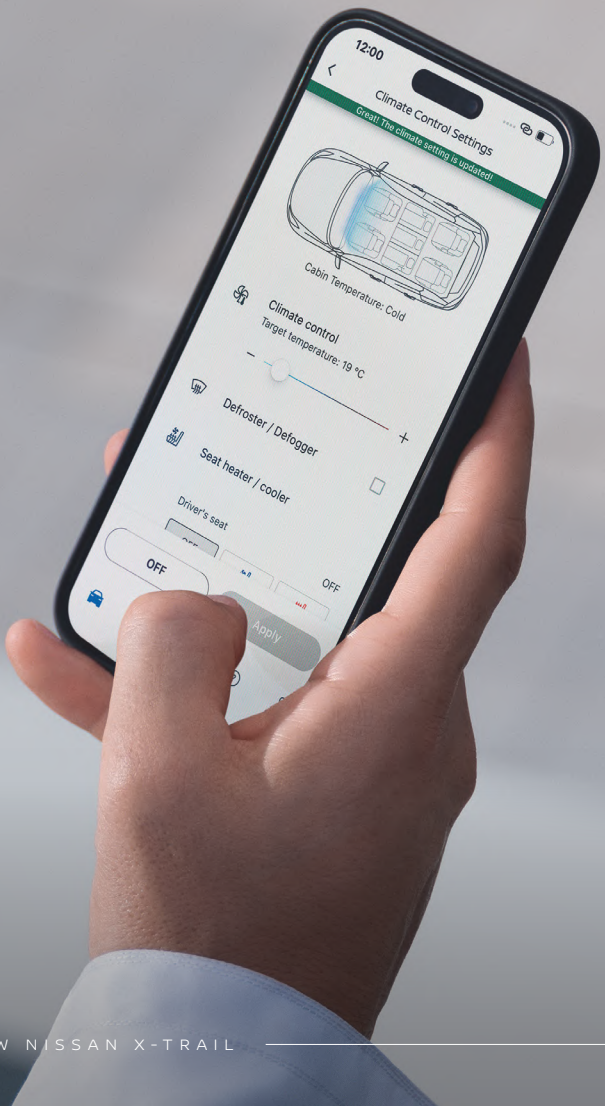

Going downhill has never been more fun. Hill Descent Control helps maintain a steady speed on steep declines by automatically managing braking pressure to keep you in control all the way down.

YOUR X-TRAIL NOW SYNCED TO MyNISSAN

Download on the App Store

GET IT ON Google Play

» **REMOTE CLIMATE CONTROL**
» **MY CAR FINDER**
» **VEHICLE SECURITY AND HEALTH STATUS CHECK**

MyNISSAN

We've mastered ownership, so you can master your life. The MyNISSAN App puts you in effortless command of your vehicle, wherever you are. Cool the cabin down with remote climate control before you even step outside, locate your car in seconds with My Car Finder, and stay ahead with real-time vehicle security and health status checks. Constantly upgraded to meet your evolving needs, it's ownership mastered - so you're free to master everything else.

CONVENIENCE & COMFORT

REMOTE CLIMATE CONTROL

Enjoy a comfortable drive. Before you leave home or work, cool your vehicle's cabin temperature and start it remotely using the MyNISSAN app.

REMOTE DOOR LOCK/UNLOCK

You can now lock or unlock your car's doors via the app.

REMOTE VEHICLE LOCK STATUS CHECK

Check the lock status of your car's doors remotely using the app.

VEHICLE SECURITY STATUS CHECK

Gain peace of mind at a glance by quickly confirming that your vehicle is secure, with all doors and windows closed and locked using the MyNISSAN app.

REMOTE HORN & LIGHTS

Can't find your car in a large parking lot? Use your MyNISSAN app to activate your car's headlights and horn.

DRIVING HISTORY

Get all the essential data about your vehicle, from driving duration to distances covered, at your fingertips in the MyNISSAN app.

SAFETY & CAR HEALTH

MY CAR FINDER

Forgot where you parked? The MyNISSAN app helps you locate where your car was last parked.

VEHICLE HEALTH REPORT

Access your vehicle's intervention history and MIL (warning light) status remotely. The app helps you understand when a dealer visit is recommended.

THEFT/BURGLAR NOTIFICATION

We just leveled up your car's safety! Your car alarm will be triggered and a notification will be sent to your MyNISSAN app in case of theft.

CURFEW ALERT

Set the time curfew on your car and get notified on your app when the restrictions are violated.

ZONE ALERT

Create location boundaries and get notified when your car drives out of permitted areas.

SPEEDING ALERT

Keep your speed in check. Get notified on the app when your car exceeds the permitted speed range.

"MIL ON" NOTIFICATION

Stay informed at all times. If a warning lamp flashes—ABS, brakes, engine, oil pressure, or tire pressure—you'll receive a notification instantly.

MAINTENANCE ALERT/REMINDER

Stay ahead of maintenance. The MyNISSAN app notifies you in advance when your next service is due.
