تجول في المدينة بأسلوبك الخاص

بالإضافة إلى التصميم الجذاب والخاطف للتصميم، تحظى سيارة نيسان باترول الجديدة بحضور قوي يتميز بمستوى عالي من الرفاهية والتطور التكنولوجي البارز. وفي سبيل إضفاء الكمال على التصميم الحديث والملهم من الخارج، يأتي التصميم الداخلي في قالب غير مسبوق من الفخامة والرحابة.

شغّل سيارتك وانطلق في عالم من الرفاهية والاستمتاع.
INTELLIGENT AROUND VIEW MONITOR (I-AVM)

Four cameras monitor your surroundings with a 360-degree view, keeping you sharp, focused and always aware. Moving Object Detection also ensures that you are never caught by surprise.

INTELLIGENT CRUISE CONTROL (I-CC)

Maintain a set speed even in changing traffic as I-CC automatically slows and accelerates along with the flow of the road.

INTELLIGENT BACK-UP INTERVENTION (I-BI)

When the Patrol is in reverse, moving objects are detected and the car assists you in engaging the brakes, when and only if needed.

INTELLIGENT BLIND SPOT INTERVENTION (I-BSI)

Sensors alert you for vehicles in your blind spots and helps you avoid them if your vehicle approaches the lane markers.

INTELLIGENT LANE INTERVENTION (I-LI)

Leaving lanes can happen by accident, that’s why you’ll be warned by an alarm and an indicator, while I-LI assists in bringing the vehicle back to the lane by braking.

INTELLIGENT FORWARD COLLISION WARNING (I-FCW)

With the Patrol’s laser range finder, you’ll be alerted with visual and audible warnings to potential collisions.

INTELLIGENT EMERGENCY BRAKING WITH PEDESTRIAN DETECTION (I-EB W/PD)

Drive confidently. Become even more aware with I-EB, which automatically engages the brakes to reduce collision speed and impact with pedestrians or vehicles during life’s unexpected moments.
WHEELS THAT TURN HEADS

Inspired by the powerful new design aesthetic, the machine-cut alloy wheels in 18" or 20" add a premium presence when the Patrol is seen in profile.

LIGHTING THE WAY TO THE FUTURE

Light up the way to every adventure with the inimitable Patrol Organic C-Signature lights. As a result of its distinctive appearance and high luminescence, the Rhombus LED headlights enhance the Nissan Patrol's statement in luxury.

DISTINCT BUMPERS FOR EVERY DRIVE

In the city, you cut a sharp profile, from the bumpers onwards. The new look bumpers slice through the air, curving aerodynamically around the vehicle. A unique bright and matte chrome texture makes for a distinctive design.

Head off-road, and you have a bumper more than capable for the terrain. Its design seems to extend from the vehicle's frame, underlining the Patrol's off-road prowess with a skid plate profile.

Features and specifications are subject to change depending on market and grade. Please consult your local dealer.
At the rear, clean, dynamic design is the key with a continuous chrome strip proudly displaying the legendary Patrol name. A more sculpted upright appearance enhances the rear bumpers, with aerodynamic corners taking inspiration from the iconic NISMO design house.

Features and specifications are subject to change depending on market and grade. Please consult your local dealer.
Every detail, every inch of the Patrol is crafted to heighten driving pleasure – in every seat. The interiors have been conceptualised and executed with purpose, with a meticulous attention to detail to create a truly first-class feel for every passenger.

LUXURY AND REFINEMENT DESIGNED FOR EVERY JOURNEY
Road trips just become even more comfortable thanks to the Patrol’s built-in cooler box. It incorporates a double-hinged design, allowing passengers from both the first and second row seats to access the space – the largest capacity in its class.

Features and specifications are subject to change. Please consult your local dealer.
SEATS THAT MAKE ROOM FOR YOUR PLANS

Third-row power seating enables you to optimize your trunk space based on your needs with electric folding seats activated at the touch of a single button.

A TECHNOLOGICAL TITAN

Enjoy seamless connectivity at your fingertips with Apple CarPlay and Android Auto*. Use your favourite apps on the move with an interface designed to blend simplicity, functionality and safety. The Intuitive MMI Navigation System and the enhanced Voice Recognition Function, allows communication with the new Patrol throughout the journey. Drivers can also enjoy wireless phone charging in the center console while rear passengers can stay charged up with USB ports.

PREMIUM IN VEHICLE INFOTAINMENT

Why have one screen, when two make for a more intuitive system that seamlessly combines information and entertainment. Get a clear picture of where you're headed with the 3D Map View displayed on the high-resolution 8-inch screen featuring multitouch gesture function and stay connected with Apple CarPlay and Android Auto*. A second 7-inch screen lets you focus on all the information you need like settings, music and phonebook through the icon-based menu. All this can be controlled with the new IT Commander that's easily within reach next to the gear lever.

THE COOL BREEZE TO WELCOME IN THE HEAT

No matter what the temperature is outside, the Patrol features 'curtain' air vents that isolate passengers in a zone of cool refreshing air. Tri-Zone Climate Control allows passengers in different positions of the vehicle to set the temperature just how they like it, while the Remote Engine Start System means the new Patrol can cool down before you start your journey to welcome indoor climate control that is truly intelligent.

Features and specifications are subject to change depending on market and grade. Please consult your local dealer.
